Architect's Drawing of S. Court Expansion

Walnut School Rated Unsafe

Children of the south side of Circleville deserve the best school facilities this city can offer.

They certainly don't have them now. Not in the old Walnut Street building.

Part of this neighborhood area is well taken care of in the S. Court Street building, but the balance has to go to class in turn-of-the-century surroundings. In fact, Walnut building is not as good now as when it was built — it's 66 years older.

Today about 200 of the city's finest youngsters attend classes in the old Walnut building. There are a kindergarten, two 1st Grades, two 2nd Grades and one 3rd Grade at the building.

The children then move to S. Court Street School for the balance of their elementary education. Both buildings are under the guidance of one principal.

* * *

THIS SPLIT responsibility puts an undue strain on administration and guidance. The youngsters pay.

Old Walnut School has six rooms, two of them stuck on the back of the building during WPA days. On rainy days water comes right through the walls of this two-room addition.

The building is old, dry wood and brick construction. It is dark, dirty, unsanitary and unsafe.

Fire escapes are unapproved and will have to be replaced in the near future. This will cost several thousand dollars.

Fire escapes are a hazard. Several years ago a youngster was kill in a fall from one of Walnut's fire escapes.

State Department of Education experts on school buildings labeled the Walnut Street structure as poorly arranged and in such condition that any further major expenditures would be "a waste of the taxpayers' money."

It is clear, then that if remodeling the old structure is a waste, we must provide other means for housing students in this area.

The answer, of course, is approve the $1,475,500 bond issue at the May 3 election.

It will provide for an 11-room addition to the fine S Court Street building. This will consolidate the entire district in one building and allow for the abandonment of the old Walnut firetrap.

* * *

THE NEW addition will have a kindergarten and two classes of each grade, 1 through 8. The spacious site and building will give children in the south end one of the finest neighborhood units in the area.

By utilizing the multi-purpose room, boiler room and auxiliary rooms already at the S. Court Street building, many dollars will be saved.

If students in the south area of the city are to receive the same quality education as those who now attend Atwater, and Corwin Street school, the old Walnut building must be replaced and the S. Court Street structure expanded.

POOR SAFETY — These youngsters are shown descending a fire escape on one of the three old buildings that remain in the Circleville school system. The fire escapes are unapproved since they are exposed and go past window openings which could belch fire in time of emergency. (Staff Photo)

Mac 'Feels Fine' After Surgery

NEW YORK (AP)—Gen. Douglas MacArthur is out of the hospital and says he feels fine.

MacArthur had a big smile for photographers Sunday as he left Lenox Hill Hospital accompanied by his wife, Jean.

"One of the most striking stories in the Bible is that of Lazarus, who was raised from the dead," he said. "I feel very much like a modern Lazarus, whose resurrection is due to the extraordinary skill of Dr. George W. Slaughter and his able assistants."

MacArthur, 80, entered the hospital Jan. 29 and underwent an operation March 19 for removal of his prostate gland.

Eight Suffer Slight Injury In Two Weekend Accidents

Eight persons were slightly injured in two auto accidents in this area during the weekend.

The first came at Routes 22 and 277 west of Circleville at 9:30 a. m. Saturday.

State Highway Patrolman W. D. Benson said Chlora Dials, a passenger, suffered possible rib injuries. Wilford and Mary Romney and Mrs. Ida Mae Voige, 77, passengers in the other car, received minor injuries. The injured were treated at Fayette Memorial Hospital in Washington C. H.

Drivers of the autos, Farish Dials, 67, Zanesville and Frances Romney, 19, Cincinnati, were not hurt.

* * *

PATROLMAN Benson said the Romney car was headed east on Route 22, the Dials auto north on Route 277. He said the Dials vehicle crashed into the side of the Romney car.

Both cars were extensively damaged, Benson said.

The second accident involving one car was at 12:55 p. m. Sunday on Route 22 about four miles west of Circleville. Deputy Sheriff Charles Felkey said the auto was operated by Eddie Scott, 37, of Cincinnati, who was slightly injured.

Suffering minor injuries were Scott's wife, Bertha, 32, and their children, Eddie, 8, and Michael, nine months. All were taken to Berger Hospital.

Scott said he was approaching the Route 104 intersection when a car pulled across the highway in front of him. He said he swerved to miss the other auto and smashed into a ditch. Driver of the other vehicle was not identified.

Deputy Felkey said the Scott car was demolished.

Mansfield Escapee Nabbed at Roadblock

SANDUSKY, Ohio (AP)—Larry Earl Rodman, 24, of Canton, a trusty who Sunday night walked away from the Mansfield Reformatory camp here, surrendered to police at a South Amherst roadblock early today.

Rodman's arrest followed a chase on Ohio 61 by state highway patrolmen at 100 m.p.h. speeds. The chase started in Norwalk, where the patrol spotted Rodman late Sunday night.

Prelate Deplores Misled Liberalism

LOS ANGELES (AP) — A Roman Catholic prelate says he believes misguided liberalism is departing from fundamental principles of right and wrong.

"There is nothing as stubborn as a fact—principles of truth, integrity and honesty," James Francis Cardinal McIntyre told a meeting of Knights of Columbus Sunday.

Commenting on recent court decions on so-called obscene literature, the cardinal said: "The efforts of legislative and judicial agencies to depart from these principles are ludicrous. No matter how thin you slice it, it's still mut."

Ashville Girl, 18 Dies of Gas Fumes

Eleanor McDaniels, 18, formerly of Ashville, was found dead in her one-room apartment in Columbus yesterday.

Columbus officials said Miss McDaniels was overcome by deadly fumes from a space heater Saturday night. They said she had been dead about six hours when her body was discovered.

Housing inspectors said the heater was properly vented. But they said the chimney was clogged with bricks and mortar, possible loosened by the recent thaw.

Officials said the girl had lived in Ashville with her mother, Mrs. Nora Sines, before leaving to seek employment in Columbus. They said she usually went home on weekends.

* * *

COLUMBUS Police said Miss McDaniels has received help from the Salvation Army Women's Lodge a few days before. They said she had been l... causing her to lose her job at a Columbus restaurant.

The body was found by James Richardson of Columbus who had helped her find another job and also to get the apartment where she was living.

Miss McDaniels was born Dec. 29, 1941, in Washington Twp. In addition to her mother, she is survived by two sons, Charles and Steven, who live in Ashville, and aunts and uncles.

Services will be 2 p. m. Wednesday in the Ashville EUB Church, with the Rev. John Morgan officiating. Burial will be in Harrison Twp. Cemetery.

Friends may call at the Bastian Funeral Home, Ashville, beginning 7:30 p. m. today and until noon Wednesday.

Ashville Fire Injures Three

Damage at Station Estimated $12,000

A service station fire in Ashville at 11:30 a. m. yesterday injured three men and caused damage estimated at $12,000.

Injured were Rodney Jewell, 23, Sterling Fetherolf, 25, and Clifford Stevenson, 24, all of the Ashville area. They suffered second and third degree burns when gasoline from a car fuel tank they were cleaning exploded.

Damage to the station was estimated at $6,000. Damage to stock inside the building was set at $2,000. Flames destroyed one car and damaged two others which were parked nearby.

The Cities Service station, located on N. Long St., is owned by Jewell and Dale Norris.

* * *

ASHVILLE - HARRISON Firemen said they battled the blaze for three hours before bringing it under control. Deputy Marion Hoover said damage was confined to the service area of the station.

The injured men were treated by a local physician and taken to Mercy Hospital, Columbus. Jewell suffered burns on the face, legs, arms and hands; Fetherolf the face and hands and Stevenson the face, hands, back and arms. All were listed in "fair" condition today.

Jewell told Deputy Hoover that he had emptied gasoline from the car's fuel tank to an open bucket. He said he warned his companions not to light matches or cigarettes. He said the air near the auto suddenly was filled with flames.

Jewell said the blaze quickly spread to the two cars and the surrounding area. The three men made a desperate but unsuccessful effort to extinguish the flames.

Firemen said the blaze was raging out of control when they reached the scene.

The 1958 model car, parked at the lubrication rack and owned by Paul Hunter of Ashville, was destroyed. A 1951 auto belonging to Howard Reed of Ashville was heavily damaged. The car being worked on, owned by Stevenson, was slightly damaged.

Fostoria Tot Saved By Visiting Man

FOSTORIA, Ohio (AP)—A choking 3-year-old girl was revived by mouth-to-mouth respiration administered by Cyril Elchert of nearby New Riegel here Sunday.

Elchert was visiting with a friend here when he heard a woman scream from a nearby house and ran to her assistance. He found Mrs. Robert Prebe holding her small daughter, Debbie, in her arms. The child's breathing had stopped.

Other neighbors called the fire department, but Elchert had revived the child with mouth - to-mouth respiration by the time fireman had arrived. Firemen administered oxygen and Debbie was taken to Fostoria City Hospital, where she was released following an examination.

Mrs. Preble said it was not determined what caused the child to choke.

North Dakota Poll Worries GOP Leaders

WASHINGTON (AP) — Republicans are preparing for an all-out effort in a special North Dakota senatorial election which could influence the whole presidential campaign.

Sen. Barry Goldwater of Arizona chairman of the Republican Senatorial Campaign Committee, said that so far as the June 28 North Dakota balloting is concerned "this is it."

"If we Republicans lose this special election in the Midwest just prior to the convention, it will influence the whole campaign this year" he said. "If we can't win in a key pivotal state like this, we may lose the presidential election."

Republicans have nominated Gov. John E. Davis to fill the remainder of more than four years of the term of the late Republican Sen. William Langer. Democrats are expected to nominate Rep. Quentin N. Burdick at their state convention Thursday.

Because the farm issue is likely to be paramount, Goldwater said he has been urging Vice President Richard M. Nixon to go into the state and make a farm speech.

Goldwater thinks this program may prove to be something of an antidote to the policies of Secretary of Agriculture Ezra Taft Benson. Benson's ideas are under heavy attack from Democrats and many Middle Western Republicans are considerably less than charmed with them.

"We know that Nixon doesn't agree with Benson," Goldwater said in an interview, "but we don't know the extent to which he doesn't."

Illinois-Missouri Shores Facing Newest Threat

By THE ASSOCIATED PRESS

Workers striving to hold back the levee-bursting Mississippi River called for help today along the Illinois and Missouri shores.

A levee break about 25 miles north of Quincy near Meyer, Ill., early in the day sent water surging across 30,000 acres of farm land. National Guardsmen and college students and other volunteers had labored around the clock in an effort to hold the wall there.

Flood fighters appealed for help in the Gregory Landing Levee area on the Missouri side near the Iowa border. The Mississippi reached the top of the levee protecting 20,000 acres there and only the sandbag topping held back the icy waters.

The Gregory Landing volunteers included some Quincy College students and numbered 250 in all.

"They're hollering for help there," said Sheriff C. F. Milligan of Clark County, Mo.

More than 300 Missouri convicts were sent into the flood battle along the Missouri River. Most of them were assigned to sandbagging details near Cedar City.

Eighty-eight National Guardsmen rolled out of Hannibal, Mo., to flood duty in the Canton-Alexandria, Mo., sector.

Almost all the 450 residents left Alexandria and about 300 moved from their homes in Canton.

The Mississippi edged up past 24 feet in Quincy, 6 feet above technical flood stage and one of the highest levels ever recorded. But the city of 42,000 is on high ground and no major trouble is expected there.

Skies were clearing in the Midwestern flood zone.

But moderate to heavy rain in southern Alabama and northern Florida sent rivers over their sides.

MOSCOW (AP) — Premier Nikita Khrushchev said today the Soviet Union will do "everything for the solution of the question of a German peace treaty on a basis acceptable to the Western powers."

But at a Moscow homecoming rally reporting on his visit to France, Khrushchev once more insisted on signing separate treaties with East and West Germany, a proposal repeatedly rejected by the West.

CAPE TOWN, South Africa (AP)—Troops and police clubbed hundreds of Negroes in the Cape Town area today who failed to join a native back-to-work movement. Police also staged house-to-house raids and shooting was heard in one township.

An African priest telephoned from Nyanga East native settlement, a center of racial unrest, saying two were killed and three wounded. Later reports from another Negro there said police opened fire and four Africans were wounded.

WASHINGTON (AP) — Party leaders hoped today to bring to an early end the long Senate battle over civil rights legislation, now going into its eighth week.

Numerous amendments, proposed by senators in opposing sides, remain to be disposed of, but a leadership push was on to speed action so the Senate can turn to other measures.

LONDON (AP) — Yalta has named a street for Franklin D. Roosevelt to commemorate his 1945 meeting in the Black Sea resort with Stalin and Churchill.

Kennedy, Humphrey Await Poll

Will Wisconsin Again Be Graveyard of Candidates?

MILWAUKEE, U. S. (AP) — Campaigning comes to a climax in Wisconsin today and the state is a political sphinx on the eve of its crucial presidential primary election.

Upwards of a million voters, and possibly more, go to the polls Tuesday.

They allocate delegate votes to the nominating conventions of both major political parties. But far more important is the potential psychological effect of the balloting on the outlook for the two Democratic rivals, Sen. John F. Kennedy of Massachusetts, and Sen. Hubert H. Humphrey of Minnesota.

With good reason, Wisconsin has come to be known as "the graveyard of candidates."

An air of caution pervades Kennedy's camp. His supporters have predictions they were making earlier in the campaign.

Vice versa, Humphrey looks and acts more confident than he did a few weeks ago. "I believe we will obtain a majority of the delegates," he said. "And I would consider that a substantial victory."

A recent poll in Wisconsin indicated that Humphrey has gained on Kennedy, although Kennedy is still the front runner.

This seemed to check with findings by two of Kennedy's professional aides.

One took samplings in Milwaukee Sunday. He said he found an edge for Kennedy. But his tabulation fell well below the two-to-one, or even three-to-one margin Kennedy is supposed to enjoy in the Milwaukee districts.

"What surprised me even more," he said, "was that about 22 per cent said they didn't know. I've never found that many still undecided 48 hours before an election."

The other Kennedy lieutenant, who has been concentrating on labor union voters, said he could not tell how these votes will go. The AFL-CIO leadership in the state is boosting Humphrey.

You hear much less talk today of a Kennedy "grand slam" — that is, that he will get the highest total vote, scoop up the delegates in all 10 congressional districts, and win all the at-large delegates. The total is 30, with the 31st already split between him and Humphrey.

There are two reasons for this eleventh-hour uncertainty:

1. No one can say with precision how injecting the religious issue into the campaign will effect either Humphrey or Kennedy. Humphrey is a Protestant and Kennedy is a Roman Catholic.

Anti-Catholic literature was distributed Sunday on the street near the hotel where Kennedy is staying. Tracts of a similar nature were handed to persons entering a television station where he and Humphrey appeared in the afternoon.

Both lashed out against it on the TV programs.

About 30 per cent of the voters in Wisconsin are Catholics.

The state law permits a voter to ballot for either a Republican or Democratic candidate.

2. The second great imponderable in the battle as it stands now is the extent to which Humphrey's campaign has caught on with the voters.

His backers insist he has picked up momentum in the past few days. Neutral observers tend to agree.

But no one knows whether he has gained enough to offset Kennedy's early lead.

In the clash and clatter of all this duelling on the Democratic side, the outlook for Vice President Richard M. Nixon in Tuesday's primary has been largely overlooked.

Nixon is unopposed in the Republican primary.

MISS EFFIE OLDS

Requiem High Mass will be offered for Miss Effie Olds, 84, of 611 Guilford Road, at 10 a. m. Tuesday in St. Joseph's Church.

Burial will be in Forest Cemetery. Friends may call at her home after 3 p. m. today. Rosary will be recited at 8 p. m. today.

Miss Olds is survived by three nephews, the sons of Mr. and Mrs. Meldrum Gray, eight nephews and nieces, the children of the late Joseph Olds, Columbus, and a cousin, Mrs. Carrie Olds Kindler, Circleville.

Three Held For Thefts

Circleville Police picked up an adult and two juveniles here Friday on accusations of taking a truck tire and parts from a car.

The adult being held is Jerry Herron, 18, of 457 Watt St. The two minors were referred to Pickaway County Juvenile Court.

The three were picked up by Patrolman William Brungs. They are charged with taking a tachmeter from the Ford Garage on N. Court and a truck tire from property on Logan St.

One of the youths appeared twice in Circleville Municipal Court several weeks ago on traffic violations. He listed his age then as an adult.

* * *

POLICE, juvenile authorities and court officials today faced problems in straightening out the situations. Since the juvenile is under 18, he should have appeared in juvenile court instead of Municipal Court.

The youth said he had advanced his age two years so he could get a driver's license.

Patrol Tough On Speeders

The State Highway Patrol cracked down on speeders in this area yesterday.

Patrolmen clipped the wings of three drivers clocked at 80 miles per hour and one for zooming along at 85. Officers said all were stopped during yesterday's rain which made fast driving hazardous.

One of the motorists checked at 80 mph was a 17-year-old boy from Columbus. Patrolman W. D. Benson said the youth will be cited into juvenile court in Franklin County. The others were booked to Circleville Municipal Court.

Patrolmen said this example of driving yesterday is one of the main reasons for the high rate of accidents in Pickaway County. They said the speeding cars threw ing spray resembled motor boats zooming down the highway.

Local ACS Officials Attend Ohio Cancer Cured Assembly

The chief of the U. S. National Cancer Institute (NCI), speaking before the American Cancer Society sponsored Second Ohio Cured Cancer Assembly, today suggested that drugs might someday provide a complete cure of the disease.

In addition to officials of the Pickaway County Chapter of the Cancer Society, led by President William Ammer, attending the session were two cancer cured victims of the area. They were Mrs. Guy G. Campbel and Mrs. Forrest Tomlinson Sr.

John R. Heller, M. D., Director of NCI at Bethesda, Md., sounded the note of optimism at the OSU Ohio Union where 63 cured cancer representatives, from all parts of Ohio, convened to focus public attention on the fact that cancer is curable.

The victors over cancer, which included 18 men, 40 women and five children, joined with some 500 Ohio Cancer Crusaders in heralding April as National Cancer Control Month.

* * *

SHARING THE speakers platform with Dr. Heller was J. L. Mauthe, Chairman of the Youngstown Sheet and Tube Company and 1960 Ohio Cancer Crusade Chairman.

Dr. Heller, in calling the chemotherapy field "one of the most exciting areas in cancer research", pointed out that if it achieves its highest objective, "The medical profession one day will be armed with a number of drugs, which, by themselves or in a combination with surgery and radiation, will complete cure of malignant disease."

Emphasizing that surgery and radiation had saved about 1,000,000 people living in the United States today from Cancer, Dr. Heller went on to say: "These forms of therapy usually are not fully effective against cancer that has spread extensively beyond its point of origin or against leukemia."

"Chemotherapy, or treatment with drugs, appears to offer the greatest hope for an effective method of treating these malignancies," he said.

The role that viruses play in causing cancer and new methods of detecting the disease in its earliest stages were cited by Dr. Heller as two other promising research approaches to the cancer problem.

Noting that studies in recent years have shown that leukemia, breast cancer and many other tumors in mice are caused by viruses, Dr. Heller said, "If research does prove that viruses are involved in human cancer causation, the way may be open to a new, effective means of preventing malignant disease.

* * *

"SCIENTISTS," HE CONTINU "already have succeeded in immunizing animals against some viral tumors. Hopefully the same result could be achieved in man."

According to Dr. Heller, scientists hope to develop a general test that would detect very early cancer in a seemingly well person. He noted that many had tried and failed but he added that refinement of modern laboratory tools and techniques continue to spur researchers forward.

"It is hoped," Dr. Heller said, "that such procedures would not only signal the presence of malignant cells but tell exactly where they originated in the body. This would permit prompt treatment and would insure a substantially increased opportunity for cure."

Commenting on the close cooperation that exists between the American Cancer Society and the N.C.I., Dr. Heller said that both groups for many years effectively and productively worked together to overcome cancer.

"Thus," he concluded, "the two leading organizations in the cancer field are working together to hasten the day when research will find a solution to the problem of malignant disease."

Also appearing on the program were Arthur G. James, M. D., of Columbus, President, and William J. Flynn, M.D., of Youngstown, President-elect, of the ACS Ohio Division. Rabbi Jerome Folkman, Temple Isreal, Columbus, gave the invocation.

ing at a few downstream points, the Ohio River has lifted its annual spring threat of a disastrous flood.

The crest passed Portsmouth early today and is due at Cincinnati Wednesday. Crests at all downstream points now are expected to be just below flood stage. In other words, the river will be brimming, but it shouldn't spill a drop into the lowlands.

There was some rain throughout Ohio Sunday, but not enough to cause any new concern.

Other rivers and streams in a half dozen other Midwest states were causing trouble after more than a week of flooding, but the worst appeared over in hard-hit Nebraska.

The spring floods which also have hit Wisconsin, Kansas, Iowa, Michigan and South Dakota have driven thousands from their homes. The American Red Cross said 28,000 persons have been affected by the overflows. Damage was expected to run into the millions of dollars.

The Big Sioux River in South Dakota and the Skung in Iowa were causing trouble. The big Missouri River continued its slow climb in northwest Mossuiri and northeast Kansas.

The Big Sioux flooded thousands of acres from Elk Point, S.D., to Sioux City, Iowa, forcing some 700 persons to leave their homes in North Sioux City, S.D. The Skung River continued to threaten weakened dikes near Burlington, in southeast Iowa.

The Missouri spilled over U.S. 36 about 3 miles west of St. Joseph, Mo., and at Elwood, Kan., across the swollen river, residents in the outskirts started sandbagging operations. Plans were made to evacuate Corning, Mo., a town of 200, virtually surrounded by high water.

Patrol Tough On Speeders

The State Highway Patrol cracked down on speeders in this area yesterday.

Patrolmen clipped the wings of three drivers clocked at 80 miles per hour and one for zooming along at 85. Officers said all were stopped during yesterday's rain which made fast driving hazardous.

One of the motorists checked at 80 mph was a 17-year-old boy from Columbus. Patrolman W. D. Benson said the youth will be cited into juvenile court in Franklin County. The others were booked to Circleville Municipal Court.

Patrolmen said this example of driving yesterday is one of the main reasons for the high rate of accidents in Pickaway County. They said the speeding cars threw ing spray resembled motor boats zooming down the highway.

Local ACS Officials Attend Ohio Cancer Cured Assembly

The chief of the U. S. National Cancer Institute (NCI), speaking before the American Cancer Society sponsored Second Ohio Cured Cancer Assembly, today suggested that drugs might someday provide a complete cure of the disease.

In addition to officials of the Pickaway County Chapter of the Cancer Society, led by President William Ammer, attending the session were two cancer cured victims of the area. They were Mrs. Guy G. Campbel and Mrs. Forrest Tomlinson Sr.

John R. Heller, M. D., Director of NCI at Bethesda, Md., sounded the note of optimism at the OSU Ohio Union where 63 cured cancer representatives, from all parts of Ohio, convened to focus public attention on the fact that cancer is curable.

The victors over cancer, which included 18 men, 40 women and five children, joined with some 500 Ohio Cancer Crusaders in heralding April as National Cancer Control Month.

* * *

SHARING THE speakers platform with Dr. Heller was J. L. Mauthe, Chairman of the Youngstown Sheet and Tube Company and 1960 Ohio Cancer Crusade Chairman.

Dr. Heller, in calling the chemotherapy field "one of the most exciting areas in cancer research", pointed out that if it achieves its highest objective, "The medical profession one day will be armed with a number of drugs, which, by themselves or in a combination with surgery and radiation, will complete cure of malignant disease."

Emphasizing that surgery and radiation had saved about 1,000,000 people living in the United States today from Cancer, Dr. Heller went on to say: "These forms of therapy usually are not fully effective against cancer that has spread extensively beyond its point of origin or against leukemia."

"Chemotherapy, or treatment with drugs, appears to offer the greatest hope for an effective method of treating these malignancies," he said.

The role that viruses play in causing cancer and new methods of detecting the disease in its earliest stages were cited by Dr. Heller as two other promising research approaches to the cancer problem.

Noting that studies in recent years have shown that leukemia, breast cancer and many other tumors in mice are caused by viruses, Dr. Heller said, "If research does prove that viruses are involved in human cancer causation, the way may be open to a new, effective means of preventing malignant disease.

* * *

"SCIENTISTS," HE CONTINU "already have succeeded in immunizing animals against some viral tumors. Hopefully the same result could be achieved in man."

According to Dr. Heller, scientists hope to develop a general test that would detect very early cancer in a seemingly well person. He noted that many had tried and failed but he added that refinement of modern laboratory tools and techniques continue to spur researchers forward.

"It is hoped," Dr. Heller said, "that such procedures would not only signal the presence of malignant cells but tell exactly where they originated in the body. This would permit prompt treatment and would insure a substantially increased opportunity for cure."

Commenting on the close cooperation that exists between the American Cancer Society and the N.C.I., Dr. Heller said that both groups for many years effectively and productively worked together to overcome cancer.

"Thus," he concluded, "the two leading organizations in the cancer field are working together to hasten the day when research will find a solution to the problem of malignant disease."

Also appearing on the program were Arthur G. James, M. D., of Columbus, President, and William J. Flynn, M.D., of Youngstown, President-elect, of the ACS Ohio Division. Rabbi Jerome Folkman, Temple Isreal, Columbus, gave the invocation.

ing at a few downstream points, the Ohio River has lifted its annual spring threat of a disastrous flood.

The crest passed Portsmouth early today and is due at Cincinnati Wednesday. Crests at all downstream points now are expected to be just below flood stage. In other words, the river will be brimming, but it shouldn't spill a drop into the lowlands.

There was some rain throughout Ohio Sunday, but not enough to cause any new concern.

Other rivers and streams in a half dozen other Midwest states were causing trouble after more than a week of flooding, but the worst appeared over in hard-hit Nebraska.

The spring floods which also have hit Wisconsin, Kansas, Iowa, Michigan and South Dakota have driven thousands from their homes. The American Red Cross said 28,000 persons have been affected by the overflows. Damage was expected to run into the millions of dollars.

The Big Sioux River in South Dakota and the Skung in Iowa were causing trouble. The big Missouri River continued its slow climb in northwest Mossuiri and northeast Kansas.

The Big Sioux flooded thousands of acres from Elk Point, S.D., to Sioux City, Iowa, forcing some 700 persons to leave their homes in North Sioux City, S.D. The Skung River continued to threaten weakened dikes near Burlington, in southeast Iowa.

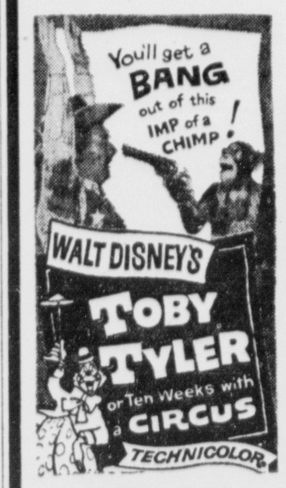

The Missouri spilled over U.S. 36 about 3 miles west of St. Joseph, Mo., and at Elwood, Kan., across the swollen river, residents in the outskirts started sandbagging operations. Plans were made to evacuate Corning, Mo., a town of 200, virtually surrounded by high water.

U.S. To Stress Role in World Trade Fair

Chief Goal Is To Turn Admiration of Goods Into Solid Orders

By SAM DAWSON
AP Business News Analyst

NEW YORK (AP) — The United States is putting new stress this year on one of the oldest commercial gimmicks—the world trade fair. It's part of a drive to halt the flow of dollars and gold overseas.

Products from at least half of the states will be displayed abroad. And Uncle Sam is going to put more push into trying to turn foreign admiration of the displays into solid orders. President Eisenhower has given his blessing to the drive.

Fairs are blossoming as never before. And increasingly they they have overtones of international politics and propaganda.

Exhibitors may be interested chiefly in the display and sales of what they make. But their governments watch over the competitive national status as zealously as suburban neighbors check up on the newest car or power lawnmower down the street.

The U.S. Department of Commerce scheduled entries in 15 fairs abroad this year. One already has been held in India. There will be three in April—in Osaka, Japan; Milan, Italy; and Casablanca, Morocco.

In May other lands will display their wares at the U.S. World Trade Fair in New York's Coliseum.

Washington's stepped up interest in fairs grows out of concern over the balance of payments deficit. That's a resounding phrase meaning that we are sending more dollars overseas for imports, foreign aid travel and investment than we are gettingback from exports, profits on overseas investments, and foreign tourist spending here.

As other lands pile up these surplus dollars they put them either into high-yielding American securities or into gold purchased from the U.S. Treasury. If this goes on it will do the American dollar no good.

Eisenhower wants to end the deficit. And fairs can be a tool. With an eye on building up our sales abroad without inviting retaliation by other nations, the President told Congress March 17:

"I have directed comprehensive steps to make fuller use of international fairs, trade missions, and other promotional means to stimulate the interest of foreign buyers in U.S. products while continuing to emphasize the basic objectives of the special program for international understanding."

The Commerce Department so far has stated its role only in general terms. Trade fair participation of the U.S. government will be progressively increased and more trade missions will be sent out to spread the word of what we can sell. It adds there will be "additional emphasis on follow-up efforts to assure exploitation of trade leads generated by trade fairs and trade missions."

At the Osaka Trade Fair April 9-26, the United States will compete with 25 other nations. It will show the new American compact cars and go in heavily for devices offering such things as quality control, ultrasonic measuring and drilling, and metal working.

Participating companies are based in California, Connecticut, District of Columbia, Illinois, Iowa, Maryland, Michigan Minnesota, New Jersey, New York, Ohio Pennsylvania, Rhode Island, Texas, Vermont, Washington and Wisconsin.

Cuyahoga Boat Count Expected To Rocket

CLEVELAND (AP) — The Regional Planning Commission says Cuyahoga County residents will own 35,000 to 45,000 boats—about double the present number—by 1970. The county has 2,700 dock spaces and 25 boat launching lanes. These should be expanded by 1,700 dock spaces and 75 to 100 more lanes of launching ramps, the commission said.

Show Biz Democrats Pledge 'Greatest Show on Earth'

HOLLYWOOD (AP) — The greatest political show on earth—that's what the show biz wing of the Democratic party promises for the national convention in Los Angeles this July.

Climax of the five-day spectacular may be the biggest rally of American politics. The two candidates will make their acceptance speeches following a lavish show at the Memorial Coliseum, capacity 102,000-plus. Present plan is to put chairs on the field and raise the total to 116,000.

All this, plus entertainment at convention sessions in the Sports Arena next door to the Coliseum, is being planned by the Party's Committee for the Arts. Entertainment chairman is film producer-director-writer George Seaton. But since he will be filming a picture in Germany this summer, screen writer Allen Rivkin has shouldered most of the burden.

Rivkin, as national director of the arts committee, has scores of entertainment figures in his group. Among the more noted names: Marlon Brando, Myrna Loy, Robert Ryan, Frank Sinatra, Sammy Davis Jr., Mercedes McCambridge, Jan Sterling, Claire Trevor, Ralph Bellamy, Lauren Bacall.

"Our big job is to produce the closing night show," Rivkin reported. "It will be a tremendous program with top outdoor acts such as appear at state fairs. We will have many big show business names and all of them will perform, not just take bows.

"The entertainment will begin about 5:30. Around 7:15, the candidates will arrive for their introductions and acceptance. It should all be over about 8. Candidates these days are hep; they know they can't hold an audience with too long a speech."

Rivkin said he had no concern about filling the cavernous stadium. Fifteen thousand will be moving over from the convention. In addition, "Golden Circle" tickets will be sold to party faithful who want a seat up front.

"We should be able to fill the rest of the seats with the public," Rivkin said. "People will want to see the climax to the drama they have watched on TV."

Supposing the convention deadlocks and doesn't have a presidential nominee by the July 15 closing time.

"We'll have to have one," said Rivkin. When the Democrats move out, the Dodgers move in to continue the 1960 baseball season.

U.S. To Stress Role in World Trade Fair

Chief Goal Is To Turn Admiration of Goods Into Solid Orders

By SAM DAWSON
AP Business News Analyst

NEW YORK (AP) — The United States is putting new stress this year on one of the oldest commercial gimmicks—the world trade fair. It's part of a drive to halt the flow of dollars and gold overseas.

Products from at least half of the states will be displayed abroad. And Uncle Sam is going to put more push into trying to turn foreign admiration of the displays into solid orders. President Eisenhower has given his blessing to the drive.

Fairs are blossoming as never before. And increasingly they they have overtones of international politics and propaganda.

Exhibitors may be interested chiefly in the display and sales of what they make. But their governments watch over the competitive national status as zealously as suburban neighbors check up on the newest car or power lawnmower down the street.

The U.S. Department of Commerce scheduled entries in 15 fairs abroad this year. One already has been held in India. There will be three in April—in Osaka, Japan; Milan, Italy; and Casablanca, Morocco.

In May other lands will display their wares at the U.S. World Trade Fair in New York's Coliseum.

Washington's stepped up interest in fairs grows out of concern over the balance of payments deficit. That's a resounding phrase meaning that we are sending more dollars overseas for imports, foreign aid travel and investment than we are gettingback from exports, profits on overseas investments, and foreign tourist spending here.

As other lands pile up these surplus dollars they put them either into high-yielding American securities or into gold purchased from the U.S. Treasury. If this goes on it will do the American dollar no good.

Eisenhower wants to end the deficit. And fairs can be a tool. With an eye on building up our sales abroad without inviting retaliation by other nations, the President told Congress March 17:

"I have directed comprehensive steps to make fuller use of international fairs, trade missions, and other promotional means to stimulate the interest of foreign buyers in U.S. products while continuing to emphasize the basic objectives of the special program for international understanding."

The Commerce Department so far has stated its role only in general terms. Trade fair participation of the U.S. government will be progressively increased and more trade missions will be sent out to spread the word of what we can sell. It adds there will be "additional emphasis on follow-up efforts to assure exploitation of trade leads generated by trade fairs and trade missions."

At the Osaka Trade Fair April 9-26, the United States will compete with 25 other nations. It will show the new American compact cars and go in heavily for devices offering such things as quality control, ultrasonic measuring and drilling, and metal working.

Participating companies are based in California, Connecticut, District of Columbia, Illinois, Iowa, Maryland, Michigan Minnesota, New Jersey, New York, Ohio Pennsylvania, Rhode Island, Texas, Vermont, Washington and Wisconsin.

Cuyahoga Boat Count Expected To Rocket

CLEVELAND (AP) — The Regional Planning Commission says Cuyahoga County residents will own 35,000 to 45,000 boats—about double the present number—by 1970. The county has 2,700 dock spaces and 25 boat launching lanes. These should be expanded by 1,700 dock spaces and 75 to 100 more lanes of launching ramps, the commission said.

"Where's the Empire State building?", he asked. Dr. Na Ranong, daughter of Manchu Princess Der Ling of China and mother of Chula, gave her son a trip around the world during his spring school holiday because he is the only one of her three children who has not been to school abroad.

Girl Scouts To Compete

Girl Scouts in Pickaway County will compete with 2,000 others in six counties in a "Dolly Derby" which has been set as an early Autumn project. The doll dressing contest is sponsored by the Trefoil Council of Girl Scouts in conjunction with the Goodwill Industries of Central Ohio.

Announcement of the plans was made by George Morey Evans, executive director of Goodwill Industries, Columbus.

The five other counties involved are Franklin, Delaware, Union, Madison and Fayette. Only Scouts between the ages of nine and 17 will be eligible to enter the "Dolly Derby."

Dolls to be dressed will be provided by Goodwill Industries and a plea is being issued for persons who have dolls they no longer need to donate them for this project.

Show Biz Democrats Pledge 'Greatest Show on Earth'

HOLLYWOOD (AP) — The greatest political show on earth—that's what the show biz wing of the Democratic party promises for the national convention in Los Angeles this July.

Climax of the five-day spectacular may be the biggest rally of American politics. The two candidates will make their acceptance speeches following a lavish show at the Memorial Coliseum, capacity 102,000-plus. Present plan is to put chairs on the field and raise the total to 116,000.

All this, plus entertainment at convention sessions in the Sports Arena next door to the Coliseum, is being planned by the Party's Committee for the Arts. Entertainment chairman is film producer-director-writer George Seaton. But since he will be filming a picture in Germany this summer, screen writer Allen Rivkin has shouldered most of the burden.

Rivkin, as national director of the arts committee, has scores of entertainment figures in his group. Among the more noted names: Marlon Brando, Myrna Loy, Robert Ryan, Frank Sinatra, Sammy Davis Jr., Mercedes McCambridge, Jan Sterling, Claire Trevor, Ralph Bellamy, Lauren Bacall.

"Our big job is to produce the closing night show," Rivkin reported. "It will be a tremendous program with top outdoor acts such as appear at state fairs. We will have many big show business names and all of them will perform, not just take bows.

"The entertainment will begin about 5:30. Around 7:15, the candidates will arrive for their introductions and acceptance. It should all be over about 8. Candidates these days are hep; they know they can't hold an audience with too long a speech."

Rivkin said he had no concern about filling the cavernous stadium. Fifteen thousand will be moving over from the convention. In addition, "Golden Circle" tickets will be sold to party faithful who want a seat up front.

"We should be able to fill the rest of the seats with the public," Rivkin said. "People will want to see the climax to the drama they have watched on TV."

Supposing the convention deadlocks and doesn't have a presidential nominee by the July 15 closing time.

"We'll have to have one," said Rivkin. When the Democrats move out, the Dodgers move in to continue the 1960 baseball season.

Air Blast Probe Essential

An enormous job has been cut out for the medical division of the Federal Aviation Administration. This is the most serious problem now facing air transportation—the often unexplained explosions occurring in midair.

Laboratory analysis of broken, twisted and scorched fragments must go on relentlessly, and, though the thought is revolting, the pitiful remnants of human passengers sometimes provide clues. The experience of the FBI and other competent crime investigation organizations demonstrates the importance of minute laboratory investigations in detection of irregular or criminal performances.

Unaccountable disasters continue to occur. Causes must be tracked down.

Why is it that any place else is where so many people wish they were instead of where they are?

Move from Farm Continues

Reports from the corn country of Iowa and the wheat country of Kansas show that farm auctions are on the upswing. One Kansas auctioneer estimates that three times as many auctions are being held this year as last year in western and northern Kansas.

The reason for this increase in number of farmers quitting the business is economic. More and more farmers are finding that they cannot make an adequate living on the land, or else the parents are tired of farming and want to live in the city where sons and daughters already have moved.

Increasing shift of farmers off the land has its economic bite for farm communities, for small town tradesmen and for entire areas. But there seems to be no reversal of the trend.

Female Alcoholics Increase

By Hal Boyle

NEW YORK (AP) — Things a columnist might never know if he didn't open his mail:

The abuse of social drinking in America has led to the unfortunate result that one of every seven alcoholics is a woman.

We hadn't noticed it ourselves, but the sun grew two per cent brighter and correspondingly warmer, during the last five years.

If a cloud could sit on you, it would squash you flat. A good robust thundercloud weighs about 150 tons.

What is the price of capital punishment in America? In the last 30 years more than 3,500 persons have been executed for major crimes, a tenth as many as are killed each year in highway accidents.

If you are chronically suspicious of other people's motives, you may merely be showing your own shortcomings. George Bernard Shaw defined a pessimist as a man "who thinks everybody is as nasty as himself and hates them for it."

Dear Nikita:

By George Sokolsky

Tovarish Nikita Sergeivich Khrushchev:

I see by the newspapers that you are in a quarrel with my colleague, Bill Hearst. You may imagine that he, in some manner, is my boss because my articles appear in some newspapers owned by the Hearst Corporation. You believe that I must write what he wants me to and therefore that we have no freedom of the press.

One of your major difficulties is that you are too conservative, too inflexible. If you really wanted to know what a free press is, you should have tried to find out when you were here. Bill Hearst is a pretty good man, as editors and publishers go, but he has yet to tell a columnist what to write or what not to write. Only a fool would try to do that in this country.

For instance, my work is published in many newspapers daily. Some of these newspapers are Republican, Democratic or of no party. Some like what I write and some dislike what I write. Personally I do not know many of my editors.

Can you understand what I am saying to you?

Why do they publish what I write or what Drew Pearson or Joseph Alsop or Walter Lippmann writes? It is only because they believe that their readers have the right to read what we say. Obviously when a man such as any one of us has so many editors and publishers, he cannot please all of them or even most of them. Nor can they tell him what to say.

What pleases one, may be hateful to another. So a writer is free as a bird to be wise or stupid, truthful or false, conceited or humble, honest or corrupt. In due course, the voice of the people will determine whether he should continue or not.

This is freedom of the press — part of it. You question whether anyone can write in the Hearst press what Bill Hearst does not like. To say nothing more about myself, I read much in the Hearst press that Bill Hearst does not like and much in the Scripps - Howard press that Roy Howard does not like and in other newspapers that I am sure the owners are not pleased with.

I hope you grasp what I am telling you. Back in the early days of the Revolution, in 1917 and 1918, I was an editor of the "Russian Daily News" in Petrograd. I attended the Constituent Assembly and as my memory of faces goes, I did not see you there.

I saw Lenin, Trotzky, Zinoviev, Kollantai, Stalin and many others in the good old days of the Smolny. You must have been a young fellow then in the Ukraine. So the wheel of life turns —they are all dead now and you are on the top of the heap.

My little paper was anti-Bolshevik, even after Kerensky went to Gatchina. So one day, the Red Guards came along and closed the paper down. Nu, there was nothing to do. So, in due course, I was put on a train which ended its journey at Harbni.

It would have been better for Russia had my little newspaper not been shut down. You would have had real opposition and that is good for the soul. You know, as well as I do, that toward the end of his life, Stalin was suffocated by yeses. A man who can only hear the word, yes, must become unbalanced, because there must be some noes in life. That is why Stalin had to kill his colleagues.

In this country, we talk about the "right to know." In fact, at the moment there is quite a quarrel between the newspapers and the government about the "right to know." The newspapers ask, "Who are these temporarily important men in the government who say that they are entitled to determine what the people should or should not know about their government?"

On the other hand, many in the government, particularly the military personnel, would like to limit what the people should know because they are afraid that you will find out some secrets. You know that that is a stupid attitude. You have so many spies here and such able ones, that you find out most things pretty quickly.

Nu, be of good health and don't let your colleagues get you.

Faithfully yours,
George E. Sokolsky

Honest, Sheriff It's an Elephant

SAFFORD, Ariz. (AP)—George Morris got out of bed Friday, glanced out of his bedroom window, blinked his eyes and looked again.

There, in his backyard, was a full grown elephant—eating lilies.

Seems that when a circus pulled up stakes Thursday night Dumbo walked off in the confusion and got left behind.

Morris telephoned the sheriff's office. After several long minutes he persuaded skeptical officers he was telling the truth.

Deputies caught up with the circus in Globe, about 100 miles away, and a van was sent back to fetch Dumbo.

Real Facts on Heart Failure

By Herman N. Bundesen, M. D.

While pain is a common symptom of heart disease, it is, as a rule, not a prominent feature of congestive heart failure.

Heart Failure results when the heart cannot serve the body's circulation system adequately. Since congestion generally follows on the heels of such a circulation defect, we usually refer to it as a congestive heart failure.

As I pointed out in a previous column, the word "failure" does not necessarily mean that the heart is failing. It may be inefficient, though still strong.

The type of pain we do occasionally find in cases of heart failure is termed angina decubitis and develops only when the patient is reclining. This is caused by a lack of oxygen in the blood. And since lying down makes it more difficult for the heart to pump blood through the lungs, the pain is the result of the circulation failure.

Another symptom of congestive failure is weakness. Poor circulation often causes deterioration of the muscles and organs, and weakness or feebleness is the result.

Now weakness and fatigue are the same thing, although fatigue also is a cmomon symptom of this type of heart failure. In fact, it generally is one of the earliest symptoms.

Persons with congestive failure become fatigued after efforts which previously did not tire them in the least. Again, poor circulation is the cause.

The tissues don't get an adequate supply of blood because their wastes are removed too slowly, and then their recuperative powers after exertion are reduced considerably.

If a patient takes it easy and rests, the recovery powers of the tissues are not taxed an therefore there may be no fatigue present. Exertion, on the other hand, increases the body's need for blood and consequently brings on fatigue.

Shortness of breath and rales in the chest are other symptoms of congestive heart failure.

Bible messages and gospel singing will be enjoyed during each service. Talented members of the church will provide special music each evening. The public is invited to attend.

The World Today

By James Marlow

WASHINGTON (AP) — Winning the Wisconsin presidential primary in recent years has been like winning one free pass to the exit.

So, even if Sen. John F. Kennedy (D-Mass) beats Sen. Hubert H. Humphrey (D-Minn) in the Wisconsin Democratic primary Tuesday, it's no assurance he will win the Democratic presidential nomination at his party's convention in Los Angeles.

Look what happened to Sens. Estes Kefauver and Robert A. Taft in the past two elections and, before them, to Harold Stassen.

Tennessee's Kefauver won the Wisconsin primary twice in a row —in 1952 and 1956—but both times later lost the Democratic presidential nomination to Adlai Stevenson who did not run in either primary.

Ohio's Taft won the Wisconsin Republican presidential primary in 1952 but then lost his party's presidential nomination to Gen. Dwight D. Eisenhower.

The forever hopeful Stassen won in Wisconsin in 1948 only to be drowned out later when the Republican convention chose Gov. Thomas E. Dewey of New York for its presidential candidate.

In 1952 in Wisconsin Kefauver had no opposition except for a couple of stand-ins for President Truman. But Truman had already said he was not a candidate.

That year Kefauver won 14 out of 16 primary races.

He had the primary all to himself in 1956, just a couple of weeks after beating Stevenson in the Minnesota primary.

The Tennessean's experience tends to support what Truman said this past weekend: that primaries are "eyewash" and a "waste of time" and if a candidate wants to be nominated he should not enter the primaries.

Nevertheless, Kennedy and Humphrey are battling in Wisconsin and have entered other primaries in an effort to show they can win voter support.

Stevenson, who took a physical beating running in the primaries in 1956, got his fill of it that year. This year, of course, he says he is not seeking the nomination, which is a good excuse for not going into primary races. But he has not said he would refuse the nomination.

The two other would-be Democratic presidential candidates — Sens. Stuart Symington of Missour and Lyndon B. Johnson of Texas—seem to share Truman's feeling about primaries. They are staying out.

Nothing conclusive is likely to be proved in Wisconsin anyway.

For instance, the question: Is Kennedy handicapped by being a Roman Catholic? In the first place Wisconsin has a large Catholic population. But the whole question got muddied up last week. This was when some of his enemies took newspaper ads to urge Protestants to vote against him on the grounds that a lot of Catholic Republicans would cross their party's lines to vote for a fellow-Catholic. Humphrey quickly said he had nothing to do with the ads and was sorry they were printed. Kennedy said he was sure that Humphrey was blameless.

This piece of bigotry may in the end get some protest votes for Kennedy from non-Catholics who might otherwise have voted for Humphrey but who got sickened by this anti-Catholic bias against Kennedy.

Vice President Richard M. Nixon's name is in this Wisconsin primary too, and unopposed, although he hasn't campaigned there. Even if Kennedy or Humphrey got more votes it still would not be a disaster to him.

It could cause trouble but with no other Republican presidential candidate in sight, he still has a strangle-hold on the party's nomination next summer.

The United Nations is taking a hand in the world's marriage customs. That, points out Aitch Kay, is the organization that can't even find a sweetheart for Uncle Sam.

The UN's marriage project is a reversal of its usual process, Mr. Kay declares— up to now its dealt with alienation of affections.

If whole nations can't get along, marriage could be the grass roots of the problem. Maybe the UN can come up with an idea for mating Eas and West.

The UN says that "in India, the majority of marriages are arranged by parents. . . " Even so, there are still a lot of Indians.

Marriage may be an important world problem, but it doesn't seem crucial. Like Communism trying to adopt everybody.

The UN finds that 13 countries permit marriage of girls at age 12. At that age they not only don't know their own mind, but they don't even mind their own no.

The UN wants to arrive at some sort of uniformity in marriage customs. Today, peace in the family, tomorrow, the world.

Air Blast Probe Essential

An enormous job has been cut out for the medical division of the Federal Aviation Administration. This is the most serious problem now facing air transportation—the often unexplained explosions occurring in midair.

Laboratory analysis of broken, twisted and scorched fragments must go on relentlessly, and, though the thought is revolting, the pitiful remnants of human passengers sometimes provide clues. The experience of the FBI and other competent crime investigation organizations demonstrates the importance of minute laboratory investigations in detection of irregular or criminal performances.

Unaccountable disasters continue to occur. Causes must be tracked down.

Move from Farm Continues

Reports from the corn country of Iowa and the wheat country of Kansas show that farm auctions are on the upswing. One Kansas auctioneer estimates that three times as many auctions are being held this year as last year in western and northern Kansas.

The reason for this increase in number of farmers quitting the business is economic. More and more farmers are finding that they cannot make an adequate living on the land, or else the parents are tired of farming and want to live in the city where sons and daughters already have moved.

Increasing shift of farmers off the land has its economic bite for farm communities, for small town tradesmen and for entire areas. But there seems to be no reversal of the trend.

Dear Nikita:

By George Sokolsky

Tovarish Nikita Sergeivich Khrushchev:

I see by the newspapers that you are in a quarrel with my colleague, Bill Hearst. You may imagine that he, in some manner, is my boss because my articles appear in some newspapers owned by the Hearst Corporation. You believe that I must write what he wants me to and therefore that we have no freedom of the press.

One of your major difficulties is that you are too conservative, too inflexible. If you really wanted to know what a free press is, you should have tried to find out when you were here. Bill Hearst is a pretty good man, as editors and publishers go, but he has yet to tell a columnist what to write or what not to write. Only a fool would try to do that in this country.

For instance, my work is published in many newspapers daily. Some of these newspapers are Republican, Democratic or of no party. Some like what I write and some dislike what I write. Personally I do not know many of my editors.

Can you understand what I am saying to you?

Why do they publish what I write or what Drew Pearson or Joseph Alsop or Walter Lippmann writes? It is only because they believe that their readers have the right to read what we say. Obviously when a man such as any one of us has so many editors and publishers, he cannot please all of them or even most of them. Nor can they tell him what to say.

What pleases one, may be hateful to another. So a writer is free as a bird to be wise or stupid, truthful or false, conceited or humble, honest or corrupt. In due course, the voice of the people will determine whether he should continue or not.

This is freedom of the press — part of it. You question whether anyone can write in the Hearst press what Bill Hearst does not like. To say nothing more about myself, I read much in the Hearst press that Bill Hearst does not like and much in the Scripps - Howard press that Roy Howard does not like and in other newspapers that I am sure the owners are not pleased with.

I hope you grasp what I am telling you. Back in the early days of the Revolution, in 1917 and 1918, I was an editor of the "Russian Daily News" in Petrograd. I attended the Constituent Assembly and as my memory of faces goes, I did not see you there.

I saw Lenin, Trotzky, Zinoviev, Kollantai, Stalin and many others in the good old days of the Smolny. You must have been a young fellow then in the Ukraine. So the wheel of life turns—they are all dead now and you are on the top of the heap.

My little paper was anti-Bolshevik, even after Kerensky went to Gatchina. So one day, the Red Guards came along and closed the paper down. Nu, there was nothing to do. So, in due course, I was put on a train which ended its journey at Harbni.

It would have been better for Russia had my little newspaper not been shut down. You would have had real opposition and that is good for the soul. You know, as well as I do, that toward the end of his life, Stalin was suffocated by yeses. A man who can only hear the word, yes, must become unbalanced, because there must be some noes in life. That is why Stalin had to kill his colleagues.

In this country, we talk about the "right to know." In fact, at the moment there is quite a quarrel between the newspapers and the government about the "right to know." The newspapers ask, "Who are these temporarily important men in the government who say that they are entitled to determine what the people should or should not know about their government?"

On the other hand, many in the government, particularly the military personnel, would like to limit what the people should know because they are afraid that you will find out some secrets. You know that that is a stupid attitude. You have so many spies here and such able ones, that you find out most things pretty quickly.

Nu, be of good health and don't let your colleagues get you.

Faithfully yours,
George E. Sokolsky

SAFFORD, Ariz. (AP)—George Morris got out of bed Friday, glanced out of his bedroom window, blinked his eyes and looked again.

There, in his backyard, was a full grown elephant—eating lilies.

It wasn't an April Fool joke.

Seems that when a circus pulled up stakes Thursday night Dumbo walked off in the confusion and got left behind.

Morris telephoned the sheriff's office. After several long minutes he persuaded skeptical officers he was telling the truth.

Deputies caught up with the circus in Globe, about 100 miles away, and a van was sent back to fetch Dumbo.

Real Facts on Heart Failure

By Herman N. Bundesen, M. D.

While pain is a common symptom of heart disease, it is, as a rule, not a prominent feature of congestive heart failure.

Heart Failure results when the heart cannot serve the body's circulation system adequately. Since congestion generally follows on the heels of such a circulation defect, we usually refer to it as a congestive heart failure.

As I pointed out in a previous column, the word "failure" does not necessarily mean that the heart is failing. It may be inefficient, though still strong.

The type of pain we do occasionally find in cases of heart failure is termed angina decubitis and develops only when the patient is reclining. This is caused by a lack of oxygen in the blood. And since lying down makes it more difficult for the heart to pump blood through the lungs, the pain is the result of the circulation failure.

Another symptom of congestive failure is weakness. Poor circulation often causes deterioration of the muscles and organs, and weakness or feebleness is the result.

Now weakness and fatigue are the same thing, although fatigue also is a cmomon symptom of this type of heart failure. In fact, it generally is one of the earliest symptoms.

Persons with congestive failure become fatigued after efforts which previously did not tire them in the least. Again, poor circulation is the cause.

The tissues don't get an adequate supply of blood because their wastes are removed too slowly, and then their recuperative powers after exertion are reduced considerably.

If a patient takes it easy and rests, the recovery powers of the tissues are not taxed an therefore there may be no fatigue present. Exertion, on the other hand, increases the body's need for blood and consequently brings on fatigue.

Shortness of breath and rales in the chest are other symptoms of congestive heart failure.

Is Anyone Out There?

Scientists Listen For Life in Space

EDITOR'S NOTE—Is there life on other planets? Some astronomers think so, and today for the first time they are turning the earth's ear to try to catch sounds of faraway life. In this first in a three-part series, AP science writer Alton Blakeslee explains the quest of Project Ozma.

By ALTON BLAKESLEE
Associated Press Science Writer

GREEN BANK, W. Va. (AP)—Earthling today begin a search to hear signals from intelligent life somewhere else in our universe.

Many scientists are convinced somebody is out there, somewhere among billion times billions of stars, and probably billions of other planets.

Seeking contact, young astronomers here first are pointing the giant ear of a radio telescope at two fairly nearby stars which may have planets, and perhaps intelligent life.

Just conceivably, those planets may be beaming "Is anyone there?" signals at earth, explains Dr. Frank D. Drake 29-year-old associate astronomer of the National Radio Astronomy Observatory perched in this mountainous hamlet of only 100 souls.

Or perhaps new and sensitive equipment here can pick up commands they are sending to their own space probes, as we are sending signals out to our recent Venus probe.

Today Dr. Drake and associates are installing the special equipment in the 85-foot radio telescope pointing a shiny, cup-shaped ear out into space.

Tonight or Tuesday if all goes well, they will actually begin listening for the first time on earth for messages from far out there.

Success on this first venture is scarcely to be hoped for, astronomers concede.

Yet there is a faint chance man will suddenly receive the electrifying answer to one of his questions: "Is there intelligent life elsewhere than on earth?"

Many hours every day for a month the radio telescope will hunt for coded signals along frequencies which life elsewhere might be beaming right now at us.

After a month, if no word comes, this first vigil will end and the radio telescope will resume doing other astronomical research.

But the quest will be resumed later, probably with more powerful receivers, "for there is no doubt in the minds of many or most of astronomers that some day success will be achieved—now or 100 years from now, but some day," Dr. Drake declares.

The handsome, gray-eyed astronomer with graying-brown hair mainly conceived and is directing this search named Project Ozma, after the queen of fictional Oz, "a place very far away, difficult to reach, and populated by strange and exotic beings."

Looks Today How Weather

COLUMBUS, Ohio (AP)—Official Weather Bureau summary of Ohio's weather outlook:

A low pressure area moving northeast from the Gulf was responsible for the widespread rain over Ohio Sunday. As the low moved into the Virginias during the night, the rain gradually ended over the west and south portions of Ohio. Scattered areas of light rain or drizzle continued over the north and east sections early this morning.

Total rainfall amounts were uniform over the southeastern half of the state, averaging near .4 inch. Cleveland reported the heaviest amount, 1.2 inch, while in the northwest corner amounts were .1 inch or less.

Cloudy and cool weather will prevail over the state today and tonight. Light drizzle or rain will persist in the eastern section today. Rain is likely over the central and east portions tonight.

Some representative temperatures this morning were Cincinnati 38, Dayton 40, Columbus 45, Cleveland 38 and Youngstown 43.

OHIO FIVE-DAY FORECAST

Temperatures will average about 4 to 6 degrees below normal. Normal high 54 north to 58 south, normal low 34-38. Cool Tuesday, then gradually becoming warmer; turning cooler again toward the weekend. Precipitation will average one-quarter inch in showers east portion tonight and over the state toward the weekend.

New York Stock Exchange seats have sold as high as $625,000, and as low as $4,000.

Alert Bus Driver Nabs 2 Pickpockets

DETROIT (AP) — A citybus driver, figuring he had a couple of pickpockets on his bus, drove passengers, suspects and all straight to a police station.

Lorenzo Lykes said he saw two men bump into another passenger, L. Livingston Smith, as the three boarded his bus Friday.

"I pegged the act," said Lykes. "Another driver had just told me a couple of pickpockets were working the busses that way. When I saw it I said to myself, 'Boy, you've got 'em now.' "

Lykes called out to his passengers: "I think there are pickpockets working this bus. Check your wallets."

Smith announced he had been robbed. A few seconds later his wallet came sliding down the aisle.

Lykes kept the bus doors closed, drove to a police garage and honked the horn until police came out and arrested Joseph Harris, 62, and George James, 57.

Harris and James pleaded guilty to charges of jostling and were sentenced to 60 days in the House of Correction.

Education TV Boom Expected

Cincinnati Station Keeps Eye on Future

CINCINNATI (AP) — Educational television, its roots planted firmly in greater Cincinnati soil, is expected to flourish in the 1960s.

Progress to now by Cincinnati's station WCET Channel 48, is dwarfed by what leaders here and across the nation see ahead.

Expansion of WCET's present facilities atop Mt. Olympus will control educational television's development here.

The station moved from makeshift studios on the third floor of Music Hall to the Mt. Olympus site last July, a move that already has broadened and refined WCET's operations.

The station has acquired a videotape recorder, valued at $52,000, through a Ford Foundation grant. It gives programming and production a flexibility hitherto not possible. The recorder puts programs on magnetic tape, making them available for immediate or future playback.

Uberto Neely, general manager for the station, expects the following advances:

Increased the power for WCET's signal, now 1,000 watts, enabling the station to reach more sets in greater Cincinnati.

At the same time, the cost of modifying television sets to receive WCET's ultra high frequency signal must be reduced from $50 or more.

Multiple transmission will made possible education telecasts on two or more channels. There are three UHF channels available to greater Cincinnati and only one is in use.

A proposed state network could be made up of community and university-owned educational television outlets around Ohio. A commission for the Ohio Legislature is studying means of setting up a network to include Cincinnati, Oxford, Dayton, Columbus, Bowling Green, Toledo, Cleveland, Kent and Athens.

WCET needs a broader firmer financial base. The station still depends on financial support from the schools, from individual and group contributions and from grants. Studios and equipment have mainly been donated by commercial stations. The station has weathered some severe financial troubles since going on the air in July 1954.

Mrs. Dwight Famuliner, Mrs. Guy Donahue, and Mrs. William Francis, were hostesses when the Ladies' Guild of the Mt. Pleasant Presbyterian Church met in the church parlors Wednesday evening. Fourteen members were present.

The president, Mrs. E. V. Graves, was in charge of the meeting. Mrs. Robert Jones led in the study of the Psalms.

Mrs. Thoburn Orr continued the study of Africa. Mrs. Graves gave a book report, "The Great Ngee" the story of a jungle doctor in Africa.

During the business meeting, Mrs. C. V. Hohenstein Sr. reported on the membership canvas, which is the project of the church. Mrs. Harold Braden reported several nice donations for the church carpet fund.

The Mt. Pleasant Garden Club was entertained Monday at the home of Mrs. Fred Schiff with Miss Grace Dresbach as assistant hostess.

Members answered roll call by naming their favorite flower catalogue.

It was voted to give $5 to the Cancer Fund. An invitation was read to attend the Regional Garden Club at the EUB Church in Chillicothe on April 26.

Mr. Loring Hill led a discussion on hardy perennial and annual flowers.

Miss Dresbach presented each member with a corsage made from straw flowers. The hostesses served a dessert course to their guests.

All churches of Kingston will join in a Good Friday service on April 15, which will be held at the Church of Christ in Christian Union. The music will be furnished by the Music Department of the school.

To help their son, Mike, celebrate his 8th birthday, his parents Mr. and Mrs. Royce Conaway, had a birthday dinner for him on Sunday. Guests were his grandparents, Mr. and Mrs. Reece Siberell.

The Singles and Doubles Club of the Presbyterian Church held its regular monthly pot luck dinner at the church Monday evening. After the dinner the members, painted the walls of the Sunday School room.

Peggy Lynn French celebrated her 9th birthday March 25, with a party given by her parents, Mr. and Mrs. Charles French Jr., at their home in Kingston.

Refreshments of cake, ice cream, candy, and kool-ade were served after the guests had enjoyed several games of Bingo.

Peggy received gifts from Jody Kerns, Ann Stewart, Carol Hill, Melissa Search, Ann Gearhart, Susanne Knisley, Vickie Stempert, Martha Nixon, Peggy Phillips, Becky, Kathy, and David Mitchell, Debbie and Gordie Lloyd, Connie, Tom, and Ned Ours, Larry Sims, Marlin Valentine, Allen Musser, Randy Stewart, Scotty Strausbaugh, Ronny, Ricky, and Terry French, her grandparents, Mr. and Mrs. Harley Ours, all of Kingston, and Donna Phillips, Gregg and Phil Roll of Circleville.

Mrs. French was assisted by Mrs. John Roll, Mrs. Joe Ours, and Mrs. Harley Ours.

Mr. and Mrs. Francis R. Bitzer, who have been living on W. Pickaway St. in Kingston, moved on Wednesday to Chillicothe. Their new address is 701 St. Margaret's Road.

At the quarterly Conference last week, Miss Nancy Minor was elected as Youth Delegate to the Annual Methodist Conference to be held at Lakeside, Ohio in June. Miss Sharry Sharrett of the Salem Church was elected as alternate.

THE KING IS DEAD—Malaya is in mourning for its king, Tuanku Abdul Rahman, who died in his sleep in Kuala Lumpur. The 64-year-old monarch had been suffering from a heart ailment for six months. Elected in 1957, the king was the first ruler of independent Malaya.

AIRMEN RESCUED FROM STORMY ATLANTIC—One of 11 airmen rescued from the stormy Atlantic off Cape Canaveral, Fla., after an Air Force refueling plane crash-landed in the ocean is carried off the rescue ship USS The Sullivans at Cape Canaveral. The other three of the 14-man crew were killed. The Air Force said the tanker was en route from Ernest Harmon Air Force Base, Newfoundland, to MacDill Air Force Base, near Tampa, Fla.

Fire Damages Rocky River Country Club

CLEVELAND (AP) — Damage was estimated at $30,000 after a fire in the kitchen of the Westwood Country Club in suburban Rocky River. The kitchen had just been remodeled at a cost of $125,000, a club official said.

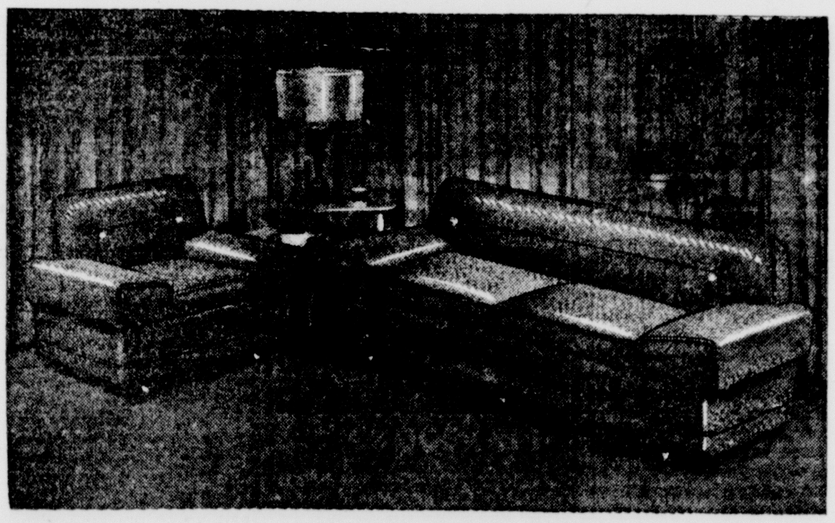

The blaze broke out Sunday shortly after the first meal in the newly refurnished quarters. Fire Chief Charles R. Duggan blamed an overheated oven. About 130 persons attending a father-daughter breakfast and an entertainment afterward by a magician left the building in an orderly manner.

There were 686,000 marriages recorded in 1958 in the U. S. During the same year, there were 167,787 divorces and annulments.

Is Anyone Out There?

Scientists Listen For Life in Space

EDITOR'S NOTE—Is there life on other planets? Some astronomers think so, and today for the first time they are turning the earth's ear to try to catch sounds of faraway life. In this first in a three-part series, AP science writer Alton Blakeslee explains the quest of Project Ozma.

By ALTON BLAKESLEE
Associated Press Science Writer

GREEN BANK, W. Va. (AP)—Earthling today begin a search to hear signals from intelligent life somewhere else in our universe.

Many scientists are convinced somebody is out there, somewhere among billion times billions of stars, and probably billions of other planets.

Seeking contact, young astronomers here first are pointing the giant ear of a radio telescope at two fairly nearby stars which may have planets, and perhaps intelligent life.

Just conceivably, those planets may be beaming "Is anyone there?" signals at earth, explains Dr. Frank D. Drake 29-year-old associate astronomer of the National Radio Astronomy Observatory perched in this mountainous hamlet of only 100 souls.

Or perhaps new and sensitive equipment here can pick up commands they are sending to their own space probes, as we are sending signals out to our recent Venus probe.

Today Dr. Drake and associates are installing the special equipment in the 85-foot radio telescope pointing a shiny, cup-shaped ear out into space.

Tonight or Tuesday if all goes well, they will actually begin listening for the first time on earth for messages from far out there.

Success on this first venture is scarcely to be hoped for, astronomers concede.

Yet there is a faint chance man will suddenly receive the electrifying answer to one of his questions: "Is there intelligent life elsewhere than on earth?"

Many hours every day for a month the radio telescope will hunt for coded signals along frequencies which life elsewhere might be beaming right now at us.

After a month, if no word comes, this first vigil will end and the radio telescope will resume doing other astronomical research.

But the quest will be resumed later, probably with more powerful receivers, "for there is no doubt in the minds of many or most of astronomers that some day success will be achieved—now or 100 years from now, but some day," Dr. Drake declares.

The handsome, gray-eyed astronomer with graying-brown hair mainly conceived and is directing this search named Project Ozma, after the queen of fictional Oz, "a place very far away, difficult to reach, and populated by strange and exotic beings."

Looks Today How Weather

COLUMBUS, Ohio (AP)—Official Weather Bureau summary of Ohio's weather outlook:

A low pressure area moving northeast from the Gulf was responsible for the widespread rain over Ohio Sunday. As the low moved into the Virginias during the night, the rain gradually ended over the west and south portions of Ohio. Scattered areas of light rain or drizzle continued over the north and east sections early this morning.

Total rainfall amounts were uniform over the southeastern half of the state, averaging near .4 inch. Cleveland reported the heaviest amount, 1.2 inch, while in the northwest corner amounts were .1 inch or less.

Cloudy and cool weather will prevail over the state today and tonight. Light drizzle or rain will persist in the eastern section today. Rain is likely over the central and east portions tonight.

Some representative temperatures this morning were Cincinnati 38, Dayton 40, Columbus 45, Cleveland 38 and Youngstown 43.

OHIO FIVE-DAY FORECAST

Temperatures will average about 4 to 6 degrees below normal. Normal high 54 north to 58 south, normal low 34-38. Cool Tuesday, then gradually becoming warmer; turning cooler again toward the weekend. Precipitation will average one-quarter inch in showers east portion tonight and over the state toward the weekend.

New York Stock Exchange seats have sold as high as $625,000, and as low as $4,000.

Alert Bus Driver Nabs 2 Pickpockets

DETROIT (AP) — A citybus driver, figuring he had a couple of pickpockets on his bus, drove passengers, suspects and all straight to a police station.

Lorenzo Lykes said he saw two men bump into another passenger, L. Livingston Smith, as the three boarded his bus Friday.

"I pegged the act," said Lykes. "Another driver had just told me a couple of pickpockets were working the busses that way. When I saw it I said to myself, 'Boy, you've got 'em now.' "

Lykes called out to his passengers: "I think there are pickpockets working this bus. Check your wallets."

Smith announced he had been robbed. A few seconds later his wallet came sliding down the aisle.

Lykes kept the bus doors closed, drove to a police garage and honked the horn until police came out and arrested Joseph Harris, 62, and George James, 57.

Harris and James pleaded guilty to charges of jostling and were sentenced to 60 days in the House of Correction.

Education TV Boom Expected

Cincinnati Station Keeps Eye on Future

CINCINNATI (AP) — Educational television, its roots planted firmly in greater Cincinnati soil, is expected to flourish in the 1960s.

Progress to now by Cincinnati's station WCET Channel 48, is dwarfed by what leaders here and across the nation see ahead.

Expansion of WCET's present facilities atop Mt. Olympus will control educational television's development here.

The station moved from makeshift studios on the third floor of Music Hall to the Mt. Olympus site last July, a move that already has broadened and refined WCET's operations.

The station has acquired a videotape recorder, valued at $52,000, through a Ford Foundation grant. It gives programming and production a flexibility hitherto not possible. The recorder puts programs on magnetic tape, making them available for immediate or future playback.

Uberto Neely, general manager for the station, expects the following advances:

Increased the power for WCET's signal, now 1,000 watts, enabling the station to reach more sets in greater Cincinnati.

At the same time, the cost of modifying television sets to receive WCET's ultra high frequency signal must be reduced from $50 or more.

Multiple transmission will made possible education telecasts on two or more channels. There are three UHF channels available to greater Cincinnati and only one is in use.

A proposed state network could be made up of community and university-owned educational television outlets around Ohio. A commission for the Ohio Legislature is studying means of setting up a network to include Cincinnati, Oxford, Dayton, Columbus, Bowling Green, Toledo, Cleveland, Kent and Athens.

WCET needs a broader firmer financial base. The station still depends on financial support from the schools, from individual and group contributions and from grants. Studios and equipment have mainly been donated by commercial stations. The station has weathered some severe financial troubles since going on the air in July 1954.

By HENRY HARTZENBUSCH

HONOLULU (AP) — Hawaii, long famed for its sun-drenched beaches, softly swaying palms and comfortable pace, is rapidly becoming an international fashion center for casual wear.

"In the not too distant future," says Richard T. Goodwin, "it will be a source of international fashion similar to the popularity Italy acquired after World War II."

Goodwin, styling director of Alfred Shaheen, Hawaii's leading house of fashion, garment manufacturer and exporter, believes Hawaii some day may even out-rival Paris, New York or Rome in fashion.

"The accent of women's wear in Hawaii is casual — and the trend is toward further informality," Goodwin says. "Suburban living—the trend all over the United States today as well as several foreign countries — requires functional casual wear."

Fashion today ranks third after sugar and pineapple among Hawaii's exports. The industry, growing at a rate of about 15 per cent annually, reached 15 million dollars last year. Gov. William F. Quinn predicts it will top 70 million dollars in 10 years.

Over 4½ million dollars worth of clothes — sundresses, lounge costumes, sarongs and women's as well as men's beach-wear — were sent to the United States mainland and several foreign countries in 1959.

Goodwin, a 36 - year - old bachelor from Belfast, Ireland, who once was destined for a British foreign service career, says his main job is to develop a fashion in the smart casual field. A crossroads of the Pacific and the melting pot of exotic Eastern cultures, Hawaii has proved a fertile field for fashion.

"Inspiration for design is drawn from the various Oriental cultures blended here with a touch of Polynesian mixtures," says Goodwin. "It's a tremendous field. You have the great arts and crafts of Asia and Australia, the South Sea islands, the Pacific Ocean itself and Hawaii's own Polynesian archipelago."

Shaheen, who first set up a textile print plant in a quonset hut in 1951, today is the only garment manufacturer in Hawaii to do its own fabric printing. Among their designs are "Canton," "Luau," "Kyoto," "Joss Sticks," "Rolling Surf," and "Geisha."

The "Canton" fabric is heavy on plum branches with bright blossoms and soft shadows. "Luau," as the name indicates, is a native Hawaiian feast complete with roast pig, tropical fruits, fish, nets and torches drawn in bold line and colors on backgrounds of red, turquoise, grey or yellow. "Kyoto," a bit of old Japan, has a white chrysanthemum motif. Chinese ceremonial incense wands enhanced with Oriental calligraphy are blended into "Joss Sticks." And "Rolling Surf" depicts graceful little fish swimming through breakers of the great barrier reef off Australia.

Goodwin says the "Geisha Set" outfit, popular for casual entertaining, can best be described as a contemporary American function.

"Inspiration of the cut came from the Japanese," he says. "The flower motif print is Hawaiian, and treatment of the print design a Van Gogh. It's a box top with long pants."

Popular among Honolulu women for casual entertaining are the "Bora Bora Sheath" — a simple sheath of white; "Temple Set," box top and long pants patterned after ancient Chinese brocades; "Tahiti," a strapless top with a full skirt; and "Port of Paradise Sarong," the traditional garment of the Polynesian woman.

Lately, a fitted version of the "muu-muu" called "Holomuu" has been worn at formal dinners. The muu-muu is a shapeless, loose-fitting nightgown-like dress, usually worn floor-length that originated in the 1820s when missionary wives put Mother Hubbards over the Polynesians to cover their nakedness.

The "Holomuu" has a waistline, sometimes puffed short sleeves, and a wide following among residents and tourists alike. Its appearance at formal functions shows tha Hawaii's trend toward further informality is continuing.

WEEKDAY DINNER

An engaging vegetable combination that is new.

Broiled Chicken
Special Peas and Turnips
Sliced Tomatoes Melba Toast
Coffee Jelly Beverage

SPECIAL PEAS AND TURNIPS

Ingredients: 4 medium-sized (½ pound without tops) white turnips, 1 large new potato, 1 package (10 ounces) frozen green peas, ¾ cup boiling water, 1 teaspoon salt, 1 to 2 tablespoons butter, pepper. Method: If peas are solid pack, allow to stand, package opened, at room temperature about 30 minutes to defrost enough to separate. Pare turnips and potato; cut in ¼-inch thick slices; cut turnips into about ½-inch long pieces and potatoes about ¼-inch long. Cook turnips and potatoes together rapidly and covered in water and salt just until tender—5 minutes or so; watch so turnips keep their shape. Add the peas and cook about 5 minutes longer, or until all vegetables are tender. Drain; add butter and white pepper to taste. Makes 4 to 6 servings.

Dear Abby...

By Abigail VanBuren

Some Doctor Will Cure Her

DEAR ABBY: My mother, who is getting on in years, is causing me much embarrassment. She lives alone and is able to care for herself financially and in every other way.

She is as healthy as a horse but her favorite pastime is calling up doctors. She insists on talking to the doctor himself. When she gets him on the phone she'll talk his ear off.

She refuses to go to their offices. She just likes to call them up and talk about herself. She has done this to almost every prominent doctor in town. One doctor sent her a bill stating that he had spent more time on the phone with her than he does on the average house call. Who could blame him? What can I do about this situation? My mother isn't the kind of person you can reason with.

EMBARRASSED

DEAR EMBARRASSED: There is no need for you to feel personal embarrassment. Almost every doctor has had experience in treating "telephonitis". Let each one handle it in his own way.

DEAR ABBY: I was amused to read in your column that you couldn't understand why grown men permitted themselves to be called Bobby, Jimmy and Billy. Look a Bobby Jones, Jimmy Durante and Billy Graham! And Winston Churchill doesn't mind being called "Winnie" and even you, Miss Van Buren, are called "Dear Abby".

"BUDDY" PAPPAS (Age 64)

DEAR ABBY: I am discontented. I have been married five months. My husband brings home a gallon of wine every night. We have some with supper and then he has some more. Then he stretches himself out on the living room couch and goes to sleep. He sleeps all the night through. I want to know how many women get married to sleep by themselves? I am 50 and he 47.

DISCONTENTED

DEAR DISCONTENTED: You need a bigger couch, a smaller jug, or another husband.

CONFIDENTIAL TO ST. LOUIS SUBURBANITE: The "problem" you wrote of is not your problem. The person who is "diferent" and does not consider his "difference" a problem should not be criticized or ridiculed. If he lives happily and peacefully with others—and does them no harm—who are we to sit in judgment because he is unlike ourselves?

"What's your problem?" For a personal reply, write to Abby in care of this paper and enclose a stamped, self-addressed envelope.

Big 'O', West To Head U.S. Olympic Team

Lucas among 12 Men Selected To Play In Rome Competition

DENVER, Colo. (AP) — All-Americas Oscar Robertson and Jerry West head a brilliant cast of seven collegians anchoring the U. S. Olympic basketball team that will play in Rome this summer under the command of Coach Pete Newell of California.

The college stars for the first time shoved aside veteran AAU players to dominate the 12-member team chosen Sunday by the Olympic Basketball Committee. The selections followed the three-day trials here climaxed by the NCAA University all-stars' 124-97 conquest of Peoria's AAU champions in Saturday night's finals before 10,000 fans.

The victory earned the NCAA team six Olympic berths and won for Newell, their 44-year-old towel-chewing coach, the honor of directing the team in the Olympic competition. He'll be assisted by Peoria's Warren Womble, who coached the 1952 Olympic champions.

West, 6-3 Comet from Cabin Creek, W.Va., riddled Peoria with a 39-point burst, 24 in the first half, to set an individual high for the trials. Robertson, incomparable playmaker and collegiate scoring leader from Cincinnati, poured in 20 points to take scoring honors for the tryouts. He totaled 72 and West, a senior at West Virginia, was runnerup with 65 in three games.

Also picked from the NCAA team were two 6-foot-11 defensive stars, All-America Darrall Imhoff of California, and Walt Bellamy of Indiana; Purdue's 6-6 sophomore Terry Dischinger, who led the Big Ten in scoring, and Texas' 6-2 back court artist, Jay Arnette.

All-America Jerry Lucas, 6-8 sophomore star of Ohio State's NCAA champions, is the seventh collegian picked from the field of 96 players.

The four AAU stars named to the team include the only repeater from 1956, Burdie Haldorson, 6-8 leading scorer for Bartlesville's (Okla.). The others are 6-8 Bob Boozer and 6-foot Allen Kelley, both of Peoria, and Les Lane, Bartlesville.

Adrian Smith, 6-1 former Kentucky ace, was chosen from the armed forces all-stars.

Twelve alternates were named: Larry Siegfried and John Havlicek, Ohio State; Jim Darrow, Bowling Green; John Cox, Chuck Slack and Dick Boushka, Akron AAU; Jack Adams, Don Ohl and Carroll Williams, Peoria; Wayne Hightower, Kansas; Porter Merriwether, Tennessee A & I, and John Sullivan, Armed Forces.

Siegfried scored 23 points Saturday as Ohio State copped fifth place in the trials by trouncing Bartlesville 87 - 77. Mel Nowell scored 18 and Lucas 17 as the Buckeyes overcame a 43-40 halftime deficit with eight quick points at the start of the second half and turned it into a romp. Lucas garnered 17 rebounds for a three-game total here of 58 grabs, 21 more than anyone else in the tourney.

Early Closer Events Set at Scioto Downs

John J. Chester, president of the Mid-America Racing Assn. (formerly Hilliards Raceway) has released the first Early Closer program which will be featured during the 1960 40-night meeting September 2 through October 19. This will be the first meeting sponsored by MARA, and will be raced at Scioto Downs, the newly constructed five-eights mile harness track nine miles south of downtown Columbus on Route 23 (South High Street).

Although MARA will be dark on Little Brown Jug day September 22, Chester stated that a pair of fast class events have been scheduled for the week prior and the week of Grand Circuit week at Delaware.

The $3,500 Class 16 pace is scheduled for Saturday Sept. 17, and the $4,000 Class 14 trot is scheduled for Friday September 23, the day after the Jug. The $6,000 added HTA Trot will be the feature of opening night September 2.

• • •

The $3,000 added Three Yr-Old Trot will be raced Friday Sept. 30, while the $3,000 added Three Yr.-Old Pace is slated for Saturday October 8.

ENTRIES for the 11-event program close May 1, and sustaining payments of $20.00 each are due on the Three-Yr.-Old events June 1.

Robert S. Steele, MARA General Manager, stated overnight events with Invitationals at $2,500 and $1,500, Class A's at $1,500, Class B's at $1,000, Class C's at $600, and claiming races will be included on the weekly condition sheets and require no entrance or starting fee. According to the conditions, all races will be at one mile except where otherwise indicated.

ALL STAR GAME — KANSAS CITY — MONDAY, JULY 11, 1960

ALL STAR GAME — NEW YORK — WEDNESDAY, JULY 13, 1960

Ashville Banquet Honors '45' Cagers

The Ashville High School All-Sports Banquet was highlighted Saturday night by the return of its sensational team of 1945, which placed third in the Class "A" State Basketball Tournament that year.

The Asbville gymnasium was packed to the doors and many persons were turned away because of lack of space. During the presentation of awards, a crowd gathered outside the entrance.

In addition to the return of the 1945 Broncos, Robert R. Hoover, the Broncos' 1960 All-Ohio pivot man, was honored when he received the coveted Bob Bowsher Trophy signifying him as the outstanding senior cager in Pickaway County by a vote of the coaches.

The three-hour program was started with Benediction delivered by Benis Lutz, assistant principal. The turkey dinner was prepared and served by the women members of the Ashville-Harrison Parent Teachers Assn.

• • •

MRS. DONALD Collins, physical education instructor, presented the girls' awards. Junior high cheerleaders honored were Patti Barr, Creta Custer, Diana Richards, Dianne Custer and Marina Cook.

Football cheerleaders receiving awards were Patricia Aldenderfer, Peggy Bartholomew, Dianne Mallory, Sandy Speakman and Diane Boyer.

Reserve basketball cheerleaders were Linda Baum, Lois Burtner, Janet Ross, Kathy Stout and Patty Bartholomew. Varsity basketball cheerleaders were Bonnie Bainter, Joy Trone, Carole Pritchard, Teresa Cummins and Nancy Harris.

Members of the girls' track team, which won their 11th straight county title last spring, were Misses Bainter, Pritchard, Peggy Bartholomew, Hannah Swank, Linda Baum, Carol Cook, Barbara Riggs and Sandy Stover.

Lawrence Fullen presented 1959 track awards and 1959-60 junior high basketball awards. Members of the track team were Dan Hollenback, Bill Cromley, Dale Fout, Jim Franks, Dock Noggle, Jim Brown, Bob Hoover, Willard Clemons, Jim McNeal, Steve Stover, Frank Welsh and Howard Newton.

Junior high cagers were Roger Caplinger, Mitchell Clay, William Fortner, Dale Kuhlwein, Robert Kuhnlwin, Doug Mallory, Roger Malone, Gary Pennington, James Peters, Bill Pritchard, David Roese, Michael Roof, Michael Seymour, John Shreve, and managers, Kenneth Roese, Carl Cummins and John Myers.

• • •

THE JUNIOR high squad came in second in the county league this year. It has compiled a 38-3 slate over the last three seasons, losing two this year to the same team, Saltcreek.

Russell Gregg presented awards to members of the varsity football and baseball teams. Football team members were: Sonny Roof, Dan Hollenback, Luther Swalbauch, Joe Snowden, Jay Morrison, Mike Foreman, John Wylie, Ed Chaffin, Terry Reed, Ronnie Will, Chuck Miller and Ralph Swank, all freshmen;

Sophomores were: John Seymour, Bob Kuhlwein, Gary Fortner, Dave Newton, Jack Smith and Willis Penn; juniors — Noggle, Jim Gregg, Cromley, Jim McCord, Ken Cummins, Stover, Brown, Franks and Clemmons;

Seniors — Charles McNeal, Tom Bausum, Fout, Jack Lemon, Gene Founds, Clarence Bandy, Dick Wilcox, Phil Roese, Dave Smith, Bill Reed and Larry Hicks.

Co-captains of the team were the McNeal brothers. Most Valuable Player went to Brown. Most Improved Player was Swalbauch. The gridders placed third in the Darby Valley League with a 3-3 slate, whipping Jonathan Alder in the final contest.

Baseball team members were sophomores — Tom Rathburn and Dick Hollenback; juniors — Jim Gregg; seniors — Wilcox, Roese, Hoover and Gary Gaines.

• • •

THE BRONCOS posted a 14-3 mark in winning the DV League crown. The most runs were tallied by Wilcox, Gregg and Jim McNeal led in the hitting department with .437. The leading fielder was Rathburn and Hoover was the top base stealer.

Vincent Mennetti presented the reserve basketball awards. Award winners were freshmen — Roof, Dan Hollenback, Snowden, Morrison Bill Gregg, Sam Remy, Swalbauch, Reed and Chuck Miller; sophomores — Bob Kuhlwein and Jim Rathburn and managers Jack Cline and John Wylie.

This team racked up a 10-6 slate in placing second in the county league.

Fullen then returned to the rostrum in the capacity of the coach of the 1945 team. He introduced the members of the squad on hand Saturday, which was the first time they had all been together since high school.

They included Gregg, Richard Hudson, Dr. Richard Messick, Romaine Wilson, Jerry Eccard, Charles Pettibone, Arthur Deal, Dr. William Speakman, Donald Thomas, James Woodworth and Richard Pettibone.

This team posted a 30-2 record in placing third in the state, losing to the state champion in the semi-finals, Dayton Northridge. The team manager was Fred Puckett, who was not there.

Cheerleaders were Mrs. Arthur Deal and Mrs. Robert Glick, who were present, and Mrs. James Wells, Mrs. Jack Hennis and Ann Shauck.

The 1959-60 basketball presentations followed. Letter winners were Rathburn, Hollenback, Noggle Gregg, Franks, Dale Curry, Paul Frase, Fout, Roese, Hoover and Gaines.

Rathburn was voted The Most Valuable Player by coach Gregg. The team voted Hoover the Most Valuable Player and the Most Improved Player went to Fout.

The squad voted an all-opponent team. First team members were Al Thrasher and Steve McCullough, Salem Local; Gary Bradds, Greenview; Steve Strome, Pickerington, and Thom as Walters, Darby.

Second team members were David Myers, Williamsport; Thomas Liff, Darby; Dan Taylor and Eugene Kelley, Trenton, and Bobby James, Radnor.

This ball club rolled up a 25-3 record before hanging up its suits after losing to Salem, 70-44, in the finals of the Troy Regional. Along its 1959-60 trail it copped the county league and tournament titles and was co-winner of the central Ohio district tourney.

• • •

ED IRVIN was on hand and informed the crowd that this was the 35th straight Ashville athletic banquet he had attended.

Mrs. Vincent Chesbrough, London, presented Hoover the Bowsher trophy. Mrs. Chesbrough was the sister of Bowsher, who was killed in World War II while rescuing a buddy.

Other guests included George McDowell, county superintendent, and Earl R. Gregg, executive head of the Teays Valley School District. C. E. Mahaffey, Ashville principal, was master of ceremonies.

Miami Football Coach Hunts for Quarterback

OXFORD, Ohio (AP) — Coach John Pont is hunting a new quarterback among 68 Miami football prospects starting spring drills here today. None of the 68 has any varsity quarterback experience and the only possibility from last year's squad—Joe Griffith—is playing baseball. Pont has 20 lettermen from a squad that finished last fall with a 5-won, 4-lost record.

Baseball Season Grows Near

National League Opener Is April 12

By THE ASSOCIATED PRESS

The National League clubs start mmostmhe National League clubs st thinking ahead today to the earliest season openers in the history of major league baseball's senior circuit.

With regular season operations getting under way a week from Tuesday, many of the teams broke camp and began the northward trek with the surprising St. Louis Cardinals clinging to the top of the exhibition standings with a 13-7 record.

Getting a second consecutive route-going performance from Ron Kline, the Cardinals concluded their Florida phase of training Sunday by defeating the New York Yankees 6-3.

Kline, acquired in a trade with Pittsburgh, scattered 10 hits and now has allowed only four runs —two earned—in 28 innings.

Milwaukee's Bob Buhl also went the distance, holding Washington to four hits in the Braves' 3-2 victory while Detroit's Hank Aguirre pitched a six-inning one-hitter for a 1-0 victory over Pittsburgh in a game shortened by rain.

In other day games, San Fran- 14-9, Baltimore beat Kansas City 5-2, Boston edged Cleveland 5-4 in 10 innings, and Los Angeles and Cincinnati were tied 4-4 when a downpour ended their game in the eighth inning.

In a night game, the Chicago White Sox and Philadelphia wound up their three-game series in Puerto Rico with Chicago winning 4-2. The Phils took the first two.

Williamsport, Pa., of the Eastern League will again work with the Philadelphia Phils for the 1960 season.

The New York Yankees now have on their roster 12 players who have been with the Kansas City Athletics. The A's have 12 former Yankees.

Chisox Picked as Winner Of American Loop Pennant

By JACK HAND
Associated Press Sports Writer

ST. PETERSBURG, Fla. (AP)— The Chicago White Sox don't scare you. They just beat you. They slash, dash, bunt and eke out runs while the other fellow waits for the long ball. They throw up a tight defense to protect a veteran pitching staff. In short, the Sox are a solid ball club with the age of their pitching the only questionable factor.

Since the World Series, Manager Al Lopez has added power in Minnie Minoso and Gene Freese without giving up front-line strength.

Because the Sox appear to have strengthened a pennant-winning club, they figure to repeat in the American League. For the long-range future, look elsewhere but for 1960 this should be the ball club.

New York, it says here, is the main threat. The trade that brought Roger Maris to the Stadium from Kansas City gives the Yankees a batting order that should be the strongest in the league. Maris, Mickey Mantle, Yogi Berra, Bill Skowron and Hector Lopez can erupt at any moment.

However, the Yankee pitching still is questionable.

Cleveland's trades built a solid infield. Frank Lane got second baseman Johnny Temple and third baseman Bubba Phillips but may have given up too much in Cal McLish, a 19-game winner, and Minoso. The Indians must sink or swim with kid pitchers. It might be too much to ask of a young staff.

Detroit has fine front-line pitching, plus the bats of Al Kaline and Harvey Kuenn. Manager Jimmy Dykes has to gamble at short with Chico Fernandez and at first base with big Steve Bilko. Baltimore is shooting the works with a young team, based on a fuzzy-cheeked pitching staff, that should improve as the year continues. Kansas City has spruced up with Hank Bauer, Norm Siebern and Don Larsen but the pitching still is too thin and the infield questionable.

Boston's hopes appear to be tied closely to Ted Williams who may not be able to play many games. Here's the way it looks from here:

1. Chicago
2. New York
3. Cleveland
4. Detroit
5. Baltimore
6. Kansas City
7. Boston
8. Washington

Booster Club To Meet Today

Officers and directors of the Circleville Booster Club will meet at 8 p. m. today at the high school social rooms for a regular monthly meeting.

Business will include final Spring Sports Banquet which will be held here Saturday. The CHS basketball and wrestling teams will be honored.

Tiger Teams Eye Weather

Weather permitting, Circleville High School's track team is slated to open its season today at Bexley.

Whether or not the meet will be held probably will depend on today's weather. It rained most of yesterday, but chances are competition will be held if no precipitation comes today.

Also keeping a close eye on the weather outlook is the CHS baseball team, slated to open tomorrow at Chillicothe.

Both the track and diamond units have been restricted in practice due to rain and cold days. Both teams were outside on a full scale for the first time last week.

Hale Sweats Out His Test With Indians

TUCSON, Ariz. (AP) — Bob Hale, one of the rare ball players who has no beef about being kept on the bench in a pinch-hitter role, may make the Cleveland Indians' roster this year and thus get one of the two seasons he needs to qualify for a major league player pension.

The left - handed hitting first baseman was signed in January by General Manager Frank Lane with the understanding that if he didn't make the grade Lane would notify the Miami Marlins by April 15. The Baltimore Orioles had assigned Hale to their Miami farm but gave him permission to try to make a deal with a major league club.

Hale spent $50 for a trip from his home in Chicago to Cleveland to talk with Lane and got his chance.

He hit two home runs and a double as a pinch hitter in the last week and Manager Joe Gordon likes his style.

"He may help us when we need a fly ball or have to move a runner around," Gordon said. "He has a good chance of staying with us."

Hale came up to the Orioles in 1955 from York, Pa.'s Class B club. He batted .357 in 67 games that season, but dropped to .237 in 1956 and in the following three years has shuttled between Baltimore and minor league clubs.

The Boston Red Sox handed the Tribe its third straight one-run defeat at Scottsdale Sunday, 5-4. A single by catcher Don Gile, who stole second when the ball stuck in the web of John Romano's mitt, paved the way for the Bosox' winning run in the tenth inning on Pumpsie Green's hit.

Big 'O', West To Head U.S. Olympic Team

Lucas among 12 Men Selected To Play In Rome Competition

DENVER, Colo. (AP) — All-Americas Oscar Robertson and Jerry West head a brilliant cast of seven collegians anchoring the U. S. Olympic basketball team that will play in Rome this summer under the command of Coach Pete Newell of California.

The college stars for the first time shoved aside veteran AAU players to dominate the 12-member team chosen Sunday by the Olympic Basketball Committee. The selections followed the three-day trials here climaxed by the NCAA University all-stars' 124-97 conquest of Peoria's AAU champions in Saturday night's finals before 10,000 fans.

The victory earned the NCAA team six Olympic berths and won for Newell, their 44-year-old towel-chewing coach, the honor of directing the team in the Olympic competition. He'll be assisted by Peoria's Warren Womble, who coached the 1952 Olympic champions.

West, 6-3 Comet from Cabin Creek, W.Va., riddled Peoria with a 39-point burst, 24 in the first half, to set an individual high for the trials. Robertson, incomparable playmaker and collegiate scoring leader from Cincinnati, poured in 20 points to take scoring honors for the tryouts. He totaled 72 and West, a senior at West Virginia, was runnerup with 65 in three games.

Also picked from the NCAA team were two 6-foot-11 defensive stars, All-America Darrall Imhoff of California, and Walt Bellamy of Indiana; Purdue's 6-6 sophomore Terry Dischinger, who led the Big Ten in scoring, and Texas' 6-2 back court artist, Jay Arnette.

All-America Jerry Lucas, 6-8 sophomore star of Ohio State's NCAA champions, is the seventh collegian picked from the field of 96 players.

The four AAU stars named to the team include the only repeater from 1956, Burdie Haldorson, 6-8 leading scorer for Bartlesville's (Okla.). The others are 6-8 Bob Boozer and 6-foot Allen Kelley, both of Peoria, and Les Lane, Bartlesville.

Adrian Smith, 6-1 former Kentucky ace, was chosen from the armed forces all-stars.

Tweleve alternates were named: Larry Siegfried and John Havlicek, Ohio State; Jim Darrow, Bowling Green; John Cox, Chuck Slack and Dick Boushka, Akron AAU; Jack Adams, Don Ohl and Carroll Williams, Peoria; Wayne Hightower, Kansas; Porter Merriwether, Tennessee A & I, and John Sullivan, Armed Forces.

Siegfried scored 23 points Saturday as Ohio State copped fifth place in the trials by trouncing Bartlesville 87 - 77. Mel Nowell scored 18 and Lucas 17 as the Buckeyes overcame a 43-40 halftime deficit with eight quick points at the start of the second half and turned it into a romp. Lucas garnered 17 rebounds for a three-game total here of 58 grabs, 21 more than anyone else in the tourney.

Early Closer Events Set at Scioto Downs

John J. Chester, president of the Mid-America Racing Assn. (formerly Hilliards Raceway) has released the first Early Closer program which will be featured during the 1960 40-night meeting September 2 through October 19. This will be the first meeting sponsored by MARA, and will be raced at Scioto Downs, the newly constructed five-eights mile harness track nine miles south of downtown Columbus on Route 23 (South High Street).

Although MARA will be dark on Little Brown Jug day September 22, Chester stated that a pair of fast class events have been scheduled for the week prior and the week of Grand Circuit week at Delaware.

The $3,500 Class 16 pace is scheduled for Saturday Sept. 17, and the $4,000 Class 14 trot is scheduled for Friday September 23, the day after the Jug. The $6,000 added HTA Trot will be the feature of opening night September 2.

• • •

The $5,000 added Three Yr-Old Trot will be raced Friday Sept. 30, while the $3,000 added Three Yr.-Old Pace is slated for Saturday October 8.

ENTRIES for the 11-event program close May 1, and sustaining payments of $20.00 each are due on the Three-Yr.-Old events June 1.

Robert S. Steele, MARA General Manager, stated overnight events with Invitationals at $2,500 and $1,500, Class A's at $1,500, Class B's at $1,000, Class C's at $600, and claiming races will be included on the weekly condition sheets and require no entrance or starting fee. According to the conditions, all races will be at one mile except where otherwise indicated.

Ashville Banquet Honors '45' Cagers

The Ashville High School All-Sports Banquet was highlighted Saturday night by the return of its sensational team of 1945, which placed third in the Class "A" State Basketball Tournament that year.

The Ashville gymnasium was packed to the doors and many persons were turned away because of lack of space. During the presentation of awards, a crowd gathered outside the entrance.

In addition to the return of the 1945 Broncos, Robert R. Hoover, the Broncos' 1960 All-Ohio pivot man, was honored when he received the coveted Bob Bowsher Trophy signifying him as the outstanding senior cager in Pickaway County by a vote of the coaches.

The three-hour program was started with Benediction delivered by Benis Lutz, assistant principal. The turkey dinner was prepared and served by the women members of the Ashville-Harrison Parent Teachers Assn.

• • •

MRS. DONALD Collins, physical education instructor, presented the girls' awards. Junior high cheerleaders honored were Patti Barr, Creta Custer, Diana Richards, Dianne Custer and Marina Cook.

Football cheerleaders receiving awards were Patricia Aldenderfer, Peggy Bartholomew, Dianne Mallory, Sandy Speakman and Diane Boyer.

Reserve basketball cheerleaders were Linda Baum, Lois Burtner, Janet Ross, Kathy Stout and Patty Bartholomew. Varsity basketball cheerleaders were Bonnie Bainter, Joy Trone, Carole Pritchard, Teresa Cummins and Nancy Harris.

Members of the girls' track team, which won their 11th straight county title last spring, were Misses Bainter, Pritchard, Peggy Bartholomew, Hannah Swank, Linda Baum, Carol Cook, Barbara Riggs and Sandy Stover.

Lawrence Fullen presented 1959 track awards and 1959-60 junior high basketball awards. Members of the track team were Dan Hollenback, Bill Cromley, Dale Fout, Jim Franks, Dock Noggle, Jim Brown, Bob Hoover, Willard Clemons, Jim McNeal, Steve Stover, Frank Welsh and Howard Newton.

Junior high cagers were Roger Caplinger, Mitchell Clay, William Fortner, Dale Kuhlwein, Robert Kuhnlwin, Doug Mallory, Roger Malone, Gary Pennington, James Peters, Bill Pritchard, David Roese, Michael Roof, Michael Seymour, John Shreve, and managers, Kenneth Roese, Carl Cummins and John Myers.

• • •

THE JUNIOR high squad came in second in the county league this year. It has compiled a 38-3 slate over the last three seasons, losing two this year to the same team, Saltcreek.

Russell Gregg presented awards to members of the varsity football and baseball teams. Football team members were: Sonny Roof, Dan Hollenback, Luther Swalbauch, Joe Snowden, Jay Morrison, Mike Foreman, John Wylie, Ed Chaffin, Terry Reed, Ronnie Will, Chuck Miller and Ralph Swank, all freshmen;

Sophomores were: John Seymour, Bob Kuhlwein, Gary Fortner, Dave Newton, Jack Smith and Willis Penn; juniors — Noggle, Jim Gregg, Cromley, Jim McCord, Ken Cummins, Stover, Brown, Franks and Clemmons;

Seniors — Charles McNeal, Tom Bausum, Fout, Jack Lemon, Gene Founds, Clarence Bandy, Dick Wilcox, Phil Roese, Dave Smith, Bill Reed and Larry Hicks.

Co-captains of the team were the McNeal brothers. Most Valuable Player went to Brown. Most Improved Player was Swalbauch. The gridders placed third in the Darby Valley League with a 3-3 slate, whipping Jonathan Alder in the final contest.

Baseball team members were sophomores — Tom Rathburn and Dick Hollenback; juniors — Jim Gregg; seniors — Wilcox, Roese, Hoover and Gary Gaines.

• • •

THE BRONCOS posted a 14-3 mark in winning the DV League crown. The most runs were tallied by Wilcox, Gregg and Jim McNeal led in the hitting department with .437. The leading fielder was Rathburn and Hoover was the top base stealer.

Vincent Mennetti presented the reserve basketball awards. Award winners were freshmen — Roof, Dan Hollenback, Snowden, Morrison Bill Gregg, Sam Remy, Swalbauch, Reed and Chuck Miller; sophomores — Bob Kuhlwein and Jim Rathburn and managers Jack Cline and John Wylie.

This team racked up a 10-6 slate in placing second in the county league.

Fullen then returned to the rostrum in the capacity of the coach of the 1945 team. He introduced the members of the squad on hand Saturday, which was the first time they had all been together since high school.

They included Gregg, Richard Hudson, Dr. Richard Messick, Romaine Wilson, Jerry Eccard, Charles Pettibone, Arthur Deal, Dr. William Speakman, Donald Thomas, James Woodworth and Richard Pettibone.

This team posted a 30-2 record in placing third in the state, losing to the state champion in the semi-finals, Dayton Northridge. The team manager was Fred Puckett, who was not there.

Cheerleaders were Mrs. Arthur Deal and Mrs. Robert Glick, who were present, and Mrs. James Wells, Mrs. Jack Hennis and Ann Shauck.

The 1959-60 basketball presentations followed. Letter winners were Rathburn, Hollenback, Noggle Gregg, Franks, Dale Curry, Paul Frase, Fout, Roese, Hoover and Gaines.

Rathburn was voted The Most Valuable Player by coach Gregg. The team voted Hoover the Most Valuable Player and the Most Improved Player went to Fout.

The squad voted an all-opponent team. First team members were Al Thrasher and Steve McCullough, Salem Local; Gary Bradds, Greenview; Steve Strome, Pickerington, and Thomas Walters, Darby.

Second team members were David Myers, Williamsport; Thomas Liff, Darby; Dan Taylor and Eugene Kelley, Trenton, and Bobby James, Radnor.

This ball club rolled up a 25-3 record before hanging up its suits after losing to Salem, 70-44, in the finals of the Troy Regional. Along its 1959-60 trail it copped the county league and tournament titles and was co-winner of the central Ohio district tourney.

ED IRVIN was on hand and informed the crowd that this was the 35th straight Ashville athletic banquet he had attended.

Mrs. Vincent Chesbrough, London, presented Hoover the Bowsher trophy. Mrs. Chesbrough was the sister of Bowsher, who was killed in World War II while rescuing a buddy.

Other guests included George McDowell, county superintendent, and Earl R. Gregg, executive head of the Teays Valley School District. C. E. Mahaffey, Ashville principal, was master of ceremonies.

Baseball Season Grows Near

National League Opener Is April 12

By THE ASSOCIATED PRESS

The National League clubs start mmostmhe National League clubs st thinking ahead today to the earliest season openers in the history of major league baseball's senior circuit.

With regular season operations getting under way a week from Tuesday, many of the teams broke camp and began the northward trek with the surprising St. Louis Cardinals clinging to the top of the exhibition standings with a 13-7 record.

Getting a second consecutive route-going performance from Ron Kline, the Cardinals concluded their Florida phase of training Sunday by defeating the New York Yankees 6-3.

Kline, acquired in a trade with Pittsburgh, scattered 10 hits and now has allowed only four runs —two earned—in 28 innings.

Milwaukee's Bob Buhl also went the distance, holding Washington to four hits in the Braves' 3-2 victory while Detroit's Hank Aguirre pitched a six-inning one-hitter for a 1-0 victory over Pittsburgh in a game shortened by rain.

In other day games, San Fran- 14-9, Baltimore beat Kansas City 5-2, Boston edged Cleveland 5-4 in 10 innings, and Los Angeles and Cincinnati were tied 4-4 when a downpour ended their game in the eighth inning.

In a night game, the Chicago White Sox and Philadelphia wound up their three-game series in Puerto Rico with Chicago winning 4-2. The Phils took the first two.

Williamsport, Pa., of the Eastern League will again work with the Philadelphia Phils for the 1960 season.

The New York Yankees now have on their roster 12 players who have been with the Kansas City Athletics. The A's have 12 former Yankees.

Chisox Picked as Winner Of American Loop Pennant

By JACK HAND
Associated Press Sports Writer

ST. PETERSBURG, Fla. (AP)— The Chicago White Sox don't scare you. They just beat you. They slash, dash, bunt and eke out runs while the other fellow waits for the long ball. They throw up a tight defense to protect a veteran pitching staff. In short, the Sox are a solid ball club with the age of their pitching the only questionable factor.

Since the World Series, Manager Al Lopez has added power in Minnie Minoso and Gene Freese without giving up front-line strength.

Because the Sox appear to have strengthened a pennant-winning club, they figure to repeat in the American League. For the long-range future, look elsewhere but for 1960 this should be the ball club.

New York, it says here, is the main threat. The trade that brought Roger Maris to the Stadium from Kansas City gives the Yankees a batting order that should be the strongest in the league. Maris, Mickey Mantle, Yogi Berra, Bill Skowron and Hector Lopez can erupt at any moment.

However, the Yankee pitching still is questionable.

Cleveland's trades built a solid infield. Frank Lane got second baseman Johnny Temple and third baseman Bubba Phillips but may have given up too much in Cal McLish, a 19-game winner, and Minoso. The Indians must sink or swim with kid pitchers. It might be too much to ask of a young staff.

Detroit has fine front-line pitching, plus the bats of Al Kaline and Harvey Kuenn. Manager Jimmy Dykes has to gamble at short with Chico Fernandez and at first base with big Steve Bilko. Baltimore is shooting the works with a young team, based on a fuzzy-cheeked pitching staff, that should improve as the year continues. Kansas City has spruced up with Hank Bauer, Norm Siebern and Don Larsen but the pitching still is too thin and the infield questionable.

Boston's hopes appear to be tied closely to Ted Williams who may not be able to play many games. Here's the way it looks from here:

1. Chicago
2. New York
3. Cleveland
4. Detroit
5. Baltimore
6. Kansas City
7. Boston
8. Washington

Booster Club To Meet Today

Officers and directors of the Circleville Booster Club will meet at 8 p. m. today at the high school social rooms for a regular monthly meeting.

Business will include final Spring Sports Banquet which will be held here Saturday. The CHS basketball and wrestling teams will be honored.

Tiger Teams Eye Weather

Weather permitting, Circleville High School's track team is slated to open its season today at Bexley.

Whether or not the meet will be held probably will depend on today's weather. It rained most of yesterday, but chances are competition will be held if no precipitation comes today.

Also keeping a close eye on the weather outlook is the CHS baseball team, slated to open tomorrow at Chillicothe.

Both the track and diamond units have been restricted in practice due to rainy and cold days. Both teams were outside on a full scale for the first time last week.

Hale Sweats Out His Test With Indians

TUCSON, Ariz. (AP) — Bob Hale, one of the rare ball players who has no beef about being kept on the bench in a pinch-hitter role, may make the Cleveland Indians' roster this year and thus get one of the two seasons he needs to qualify for a major league player pension.

The left - handed hitting first baseman was signed in January by General Manager Frank Lane with the understanding that if he didn't make the grade Lane would notify the Miami Marlins by April 15. The Baltimore Orioles had assigned Hale to their Miami farm but gave him permission to try to make a deal with a major league club.

Hale spent $50 for a trip from his home in Chicago to Cleveland to talk with Lane and get his chance.

He hit two home runs and a double as a pinch hitter in the last week and Manager Joe Gordon likes his style.

"He may help us when we need a fly ball or have to move a runner around," Gordon said. "He has a good chance of staying with us."

Hale came up to the Orioles in 1955 from York, Pa.'s Class B club. He batted .357 in 67 games that season, but dropped to .237 in 1956 and in the following three years has shuttled between Baltimore and minor league clubs.

The Boston Red Sox handed the Tribe its third straight one-run defeat at Scottsdale Sunday, 5-4. A single by catcher Don Gile, who stole second when the ball stuck in the web of John Romano's mitt, paved the way for the Bosox' winning run in the tenth inning on Pumpsie Green's hit.

Miami Football Coach Hunts for Quarterback

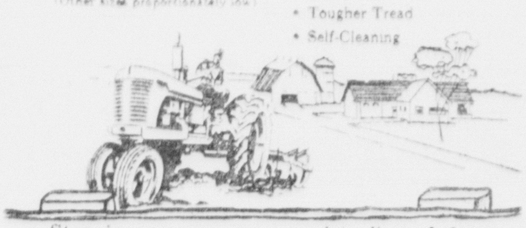

OXFORD, Ohio (AP) — Coach John Pont is hunting a new quarterback among 68 Miami football prospects starting spring drills here today. None of the 68 has any varsity quarterback experience and the only possibility from last year's squad—Joe Griffith—is playing baseball. Pont has 20 lettermen from a squad that finished last fall with a 5-won, 4-lost record.

Milwaukee Pilot Oozes Confidence

BRADENTON, Fla. (AP)—"I'll tell you what I think about the Dodgers. I'd like to play them 154 games."

Chuck Dressen Milwaukee's new manager, was speaking. As he was a coach for the world champion Los Angeles Dodgers last year, his ideas are worth repeating.

"I thought the Milwaukee club should have won last year," he said. "I thought it was a better club than the Dodgers. But I didn't tell the Los Angeles players that.

"They won only 86 games and took it all. I won't guess how many it will take to win it this year but if a couple of our pitchers wind up 20-8 and 18-6 we'll be better than when they each won 21 and lost 15 last year."

Dressen was talking about Warren Spahn and Lew Burdette who sarted a total of 75 games last year when the Braves tied the Dodgers and lost the pennant in two straight playoff games.

"I've got four pitchers who ought to win 66 games. No, I'm not going to name them. No other club in the league can put out four starters like that."

Red Schoendienst, making a comeback after recovering from tuberculosis, has surprised everybody, Dressen included.

"I never thought he'd play," said Dressen. "If I had to open the season tomorrow, he would be on second base, although he has had some arm trouble. I'll give him some rest when he needs it because we have young Chuck Cottier (.226 at Louisville) to step in."

Schoendienst, 37, appeared in only five games late last season after being sidelined by TB since the 1958 World Series.

Joe Adcock (.292) at first, Schoendienst at second, Johnny Logan (.291), backed up by Felix Mantilla (.215) at short and Eddie Mathews (.306 with 46 homers) at third are the infield.

Bill Bruton (.289) will be in center and Hank Aaron (.355) in right. Wes Covington (.279) probably will take over his old left field job from Lee Maye (.300). The fifth outfielder is Al Spangler (.297 at Louisville).

The catching is very thin behind Del Crandall (.257) who appeared in 150 games last year. Stan Lopata (.104) hooked on after drawing his release in the fall. The other man is Charlie Lau (.292 at Charleston and Louisville).

Dressen would like to deal for a catcher and outfielder. He has something on the fire that may pop before opening day.

Spahn (21-15) and Burdette (21-15), of course, are the big men of the staff. Dressen is high on Carl Willey (5-9), Juan Pizarro (6-2) among the younger hurlers. He also expects great improvement in Joey Jay (6-11). Those five men and Bob Buhl (15-9) will get plenty of work. Bob Rush (5-6) can handle spot starts. To help Don McMahon (5-3) in the bullpen Dressen has been taking a long look at Ken MacKenzie (6-2 at Louisville) a young left - hander from Yale who still on the Louisville roster.

Milwaukee Pilot Oozes Confidence

BRADENTON, Fla. (AP)—"I'll tell you what I think about the Dodgers. I'd like to play them 154 games."

Chuck Dressen Milwaukee's new manager, was speaking. As he was a coach for the world champion Los Angeles Dodgers last year, his ideas are worth repeating.

"I thought the Milwaukee club should have won last year," he said. "I thought it was a better club than the Dodgers. But I didn't tell the Los Angeles players that.

"They won only 86 games and took it all. I won't guess how many it will take to win it this year but if a couple of our pitchers wind up 20-8 and 18-6 we'll be better than when they each won 21 and lost 15 last year."

Dressen was talking about Warren Spahn and Lew Burdette who sarted a total of 75 games last year when the Braves tied the Dodgers and lost the pennant in two straight playoff games.

"I've got four pitchers who ought to win 66 games. No, I'm not going to name them. No other club in the league can put out four starters like that."

Red Schoendienst, making a comeback after recovering from tuberculosis, has surprised everybody, Dressen included.

"I never thought he'd play," said Dressen. "If I had to open the season tomorrow, he would be on second base, although he has had some arm trouble. I'll give him some rest when he needs it because we have young Chuck Cottier (.226 at Louisville) to step in."

Schoendienst, 37, appeared in only five games late last season after being sidelined by TB since the 1958 World Series.

Joe Adcock (.292) at first, Schoendienst at second, Johnny Logan (.291), backed up by Felix Mantilla (.215) at short and Eddie Mathews (.306 with 46 homers) at third are the infield.

Bill Bruton (.289) will be in center and Hank Aaron (.355) in right. Wes Covington (.279) probably will take over his old left field job from Lee Maye (.300). The fifth outfielder is Al Spangler (.297 at Louisville).

The catching is very thin behind Del Crandall (.257) who appeared in 150 games last year. Stan Lopata (.104) hooked on after drawing his release in the fall. The other man is Charlie Lau (.292 at Charleston and Louisville).

Dressen would like to deal for a catcher and outfielder. He has something on the fire that may pop before opening day.

Spahn (21-15) and Burdette (21-15), of course, are the big men of the staff. Dressen is high on Carl Willey (5-9), Juan Pizarro (6-2) among the younger hurlers. He also expects great improvement in Joey Jay (6-11). Those five men and Bob Buhl (15-9) will get plenty of work. Bob Rush (5-6) can handle spot starts. To help Don McMahon (5-3) in the bullpen Dressen has been taking a long look at Ken MacKenzie (6-2 at Louisville) a young left - hander from Yale who still on the Louisville roster.

The Yankee pitching coach Ed Lopat won 166 games and lost 112 in 12 major league seasons.

Frank Robinson of Cincinnati says he would rather play the outfield than first base.

READY FOR FIRST BIG ONE—The first big golf event of the year, the Masters, is set for presentation at Augusta, Ga., April 7-10, with these stars among the eligibles to grab the top spot. This will be the 24th tournament with Sam Snead, the old pro, trying for his fourth win. Among foreign players entered are Stan Leonard of Canada, who tied for fourth last year, and Gary Player, the 1959 British Open king. Art Wall, Jr., who won in 1959, will not be able to compete because of a kidney ailment. *(Central Press)*

Views on Television - Radio

By CYNTHIA LOWRY
AP TV-Radio Writer

NEW YORK (AP)—Sunday afternoon TV watchers certainly had a dose—even an overdose—of Wisconsin politics.

Presidential hopefuls Hubert H. Humphrey and John F. Kennedy will have their Wisconsin primary fates decided Tuesday when the state's Democratic voters will choose 31 delegates to the party's national convention.

CBS and NBC each presented a candidate in closeup. "Face the Nation" had Kennedy, who looked well-groomed, well-tailored and earnest and answered the questions—even the tough ones—in a forthright manner. "Meet the Press" had Humphrey suffering from a touch of laryngitis but still highly vocal and articulate.

I missed much of the Kennedy interview because I was dialing over to ABC's "Campaign Roundup." This is a sort of chalk talk by network reporters on politicking in various sections of the country, with emphasis, of course, on Wisconsin.

Earlier CBS devoted its Sunday morning "FYI" show to Wisconsin trends. Then NBC's "Time: Present" came along with a feature about the way the two candidates' friends and relatives were helping to campaign.

All this public service programming is very enlightening, but it can be overdone. By the time we've gone through the conventions and have a couple of real candidates, their campaigns may seem a bit anti-climactic.

"Alas, Babylon," Sunday night's Playhouse 90 production on CBS, was a grim, frightening drama about a few men and women who survive the first explosions in nuclear warfare.

Tragedy was routine: a little girl blinded by a faraway blast, an older woman dead because there was no insulin, food spoiled by lack of refrigeration, materials contaminated, looting, hording — and worst of all, despair and resignation by the survivors.

The cast was excellent: Don Murray Kim Hunter, Barbara Rush, Judith Evelyn and Dana Andrews.

Even if it was a rather grisly experience, the drama made many viewers, including this one, start thinking about a place to hide — or whether hiding was worth the effort.

Reds Hope Bailey Can Hit Better

LAKELAND, Fla. (AP) — Ed Bailey is still the No. 1 catcher for the Cincinnati Reds, but they'd be happier if he hit better.

That's why batting coach Wally Moses has been working with the sturdy Tennessean this spring. Moses' efforts seem to be paying off.

The Reds struggled to a rain-shortened 4-4 exhibition tie with Los Angeles Sunday, and Bailey's three hits-two RBI anchored the Cincinnati attack.

What did Moses do? "Just altered my stance a bit and got me to straighten up," said Bailey. "Now I'm pulling the ball again."

Bailey's best year was 1956 when he batted .300, with 28 home runs and 75 RBI. He's never approached that eminence since finishing at .264 last year.

But he still has no peer among the Reds as a backstop. One high point came one night two years ago when San Francisco's Willy Mays tried to steal second three times and three times Bailey threw him out.

"You've got to study the habits of the base runner," Bailey said. "There isn't one but tips off in some way he's going to run.

"If he's bluffing, he'll do so-and-so. If he's going to run he'll do something else, some little gesture that will tip off the catcher—if the catcher is alert."

And Bailey is very alert.

The 28-year-old veteran also thinks the Reds have their best looking crew of pitchers in 11 years.

"The big factor is competition," he said. "In years gone by guys would come into camp with jobs already cinched because they knew they'd make the club. There were no others here who could beat 'em out of jobs."

Views on Television - Radio

By CYNTHIA LOWRY
AP TV-Radio Writer

NEW YORK (AP)—Sunday afternoon TV watchers certainly had a dose—even an overdose—of Wisconsin politics.

Presidential hopefuls Hubert H. Humphrey and John F. Kennedy will have their Wisconsin primary fates decided Tuesday when the state's Democratic voters will choose 31 delegates to the party's national convention.

CBS and NBC each presented a candidate in closeup. "Face the Nation" had Kennedy, who looked well-groomed, well-tailored and earnest and answered the questions—even the tough ones—in a forthright manner. "Meet the Press" had Humphrey suffering from a touch of laryngitis but still highly vocal and articulate.

I missed much of the Kennedy interview because I was dialing over to ABC's "Campaign Roundup." This is a sort of chalk talk by network reporters on politicking in various sections of the country, with emphasis, of course, on Wisconsin.

Earlier CBS devoted its Sunday morning "FYI" show to Wisconsin trends. Then NBC's "Time: Present" came along with a feature about the way the two candidates' friends and relatives were helping to campaign.

All this public service programming is very enlightening, but it can be overdone. By the time we've gone through the conventions and have a couple of real candidates, their campaigns may seem a bit anti-climactic.

"Alas, Babylon," Sunday night's Playhouse 90 production on CBS, was a grim, frightening drama about a few men and women who survive the first explosions in nuclear warfare.

Tragedy was routine: a little girl blinded by a faraway blast, an older woman dead because there was no insulin, food spoiled by lack of refrigeration, materials contaminated, looting, hording — and worst of all, despair and resignation by the survivors.

The cast was excellent: Don Murray Kim Hunter, Barbara Rush, Judith Evelyn and Dana Andrews.

Even if it was a rather grisly experience, the drama made many viewers, including this one, start thinking about a place to hide — or whether hiding was worth the effort.

Recommended tonight: "Oscar Night in Hollywood," NBC, 10-10:30—a closeup of the stars before the awards ceremonies: Oscar awards, NBC, 10:30-12—32nd annual presentation of the motion picture industry's top honors.

Lausche Expected To Seek Re-election in 1962 Poll

WASHINGTON (AP)—Men who know Sen. Frank J. Lausche (D-Ohio) consider it pretty much a cinch he will run for re-election in 1962.

But at this writing it appears certain he would be running without the support of organized labor, a customary posture for him throughout most of his long public career.

For the first time since he came to the Senate four years ago, Lausche is sponsoring a piece of important legislation that has a good chance to become law.

It is legislation that the labor unions say is aimed directly against them.

The legislation is an amendment to the civil rights bill that would make it a crime for anybody to obstruct a court order.

On the face of things, it is hard to see how anyone could object to that idea. The officials at AFL-CIO headquarters, however, say the phrase is a lot less innocent than it sounds.

Lausche says it is simple justice. As he explains it, he noticed that the original bill made it a crime to obstruct a court order only in school segregation cases.

Put that way, he said, the section "has the indefensible weakness that it speaks to one section of the nation and says to the people of that section that special laws are needed."

Those "people," of course, are the Southerners, and it is that same group that the AFL-CIO says will use the Lausche amendment against unions.

Al Zack, public relations man for AFL-CIO President George Meany, told a reporter:

"I don't know of a jury in the South that would convict in a segregation case. On the other hand, I can't think of a case where a jury in the south wouldn't convict in a labor union matter."

But Lausche says he won't be deterred by criticism.

He has a large segment of Congress on his side, including Republican Senate Leader Everett M. Dirksen of Illinois, who first opposed the Lausche amendment.

It appears now that the Lausche amendment will become part of possibly the most important legislation from this Congress—a new civil rights law.

Judges To Select Winners Of Coveted Oscars Tonight

HOLLYWOOD (AP)—Tonight is Oscar night and the nation, via television, will get a look at the prettiest bunch of unemployed workers in history.

The month-old actors strike will put a pall over the 32nd annual Academy Awards but the public won't see it. The 90-minute show—NBC-TV 10:30 p.m., EST promises to be as gay and glamorous as ever.

If more time is needed, an extra 30 minutes will be tagged on the end. Last year the two-hour show found itself with 20 minutes of embarrassing dead air.

Fourteen of the 20 acting nominees will be on hand, including the two favorites for best actress — Elizabeth Taylor and Simone Signoret—both wearing gowns by the same Parisian designer.

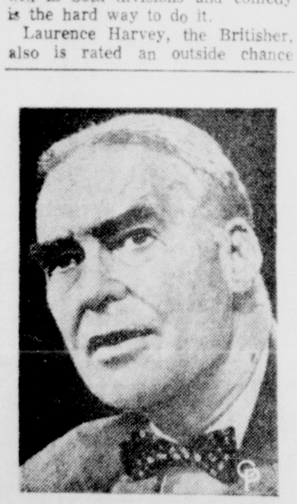

Audrey Hepburn, also a potential winner, is kept in Europe by pregnancy and Katharine Hepburn, who seldom appears at industry functions, will be home in Connecticut. Doris Day, nominated for a comedy performance in "Pillow Talk," is not listed among favorites but will be present.

Of the top actor nominees, only veteran Paul Muni will be absent. Favorite is Charlton Heston who is expected to win on a "Ben-Hur" sweep but James Stewart and Jack Lemmon could take it. Lemmon, who won the supporting Oscar with a comedy protrayal a few years ago, could repeat in the top acting category. It would make him the first actor to ever win in both divisions and comedy is the hard way to do it.

Laurence Harvey, the Britisher, also is rated an outside chance for his "Room at the Top" performance.

In the supporting categories, Hugh Griffith, a favorite, is in England; George Scott is in a New York play and Thelma Ritter is at sea on a world cruise.

Shelly Winters and Ed Wynn, favorites for their perfromances in "The Diary of Anne Frank," will be on hand.

Camp Perry Aid Sought

Solon Backs Riflemen In Plea for Funds

WASHINGTON (AP) — Sharpshooting riflemen had a supporter in Sen. Carl Hayden (D-Ariz) today in their efforts to persuade the government to spend $150,000 to help rebuild Camp Perry, Ohio.

The camp, on Lake Erie, is owned by the state. It is the site each year of small arms firing school programs and the national marksmanship matches.

As chairman of the Senate Appropriations Committee, Hayden said the government has an obligation to appropriate the $150,000 since Ohio has put up $200,000 to repair tar paper huts at Camp Perry.

"Ohio in good faith kept up its share of the burden," said Hayden, an 82-year-old former sharpshooting Arizona sheriff.

The National Rifle Assn. of America protested to Hayden's committee last week that President Eisenhower failed to ask for the Camp Perry funds in his budget.

Franklin L. Orth of the association also asked the committee to approve $19,000 for travel of junior marksmen to Camp Perry and $11,000 more for additional costs.

Orth said new weapons of war have made marksmanship in rifles and pistols more, not less, important than before.

"Subversive groups, fifth columnists, and criminal elements of our society will thrive on the confusion resulting from an attack upon any one of our military installations or major cities," he said.

"The individual soldier and the trained individual civilian . . . will be forced to rely upon the personal weapon with which he is armed, and on his ability to use it effectively."

It is legislation that the labor unions say is aimed directly against them.

The legislation is an amendment to the civil rights bill that would make it a crime for anybody to obstruct a court order.

On the face of things, it is hard to see how anyone could object to that idea. The officials at AFL-CIO headquarters, however, say the phrase is a lot less innocent than it sounds.

Lausche says it is simple justice. As he explains it, he noticed that the original bill made it a crime to obstruct a court order only in school segregation cases.

Put that way, he said, the section "has the indefensible weakness that it speaks to one section of the nation and says to the people of that section that special laws are needed."

Those "people," of course, are the Southerners, and it is that same group that the AFL-CIO says will use the Lausche amendment against unions.

Al Zack, public relations man for AFL-CIO President George Meany, told a reporter:

"I don't know of a jury in the South that would convict in a segregation case. On the other hand, I can't think of a case where a jury in the south wouldn't convict in a labor union matter."

But Lausche says he won't be deterred by criticism.

He has a large segment of Congress on his side, including Republican Senate Leader Everett M. Dirksen of Illinois, who first opposed the Lausche amendment.

It appears now that the Lausche amendment will become part of possibly the most important legislation from this Congress—a new civil rights law.

Judges To Select Winners Of Coveted Oscars Tonight

HOLLYWOOD (AP)—Tonight is Oscar night and the nation, via television, will get a look at the prettiest bunch of unemployed workers in history.

The month-old actors strike will put a pall over the 32nd annual Academy Awards but the public won't see it. The 90-minute show—NBC-TV 10:30 p.m., EST promises to be as gay and glamorous as ever.

If more time is needed, an extra 30 minutes will be tagged on the end. Last year the two-hour show found itself with 20 minutes of embarrassing dead air.

Fourteen of the 20 acting nominees will be on hand, including the two favorites for best actress — Elizabeth Taylor and Simone Signoret—both wearing gowns by the same Parisian designer.

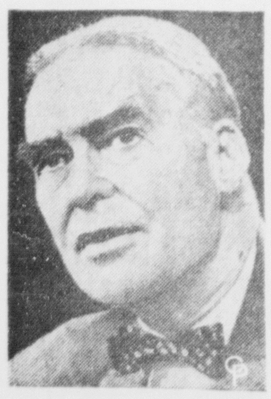

Audrey Hepburn, also a potential winner, is kept in Europe by pregnancy and Katharine Hepburn, who seldom appears at industry functions, will be home in Connecticut. Doris Day, nominated for a comedy performance in "Pillow Talk," is not listed among favorites but will be present.

Of the top actor nominees, only veteran Paul Muni will be absent. Favorite is Charlton Heston who is expected to win on a "Ben-Hur" sweep but James Stewart and Jack Lemmon could take it. Lemmon, who won the supporting Oscar with a comedy protrayal a few years ago, could repeat in the top acting category. It would make him the first actor to ever win in both divisions and comedy is the hard way to do it.

Laurence Harvey, the Britisher, also is rated an outside chance for his "Room at the Top" performance.

In the supporting categories, Hugh Griffith, a favorite, is in England; George Scott is in a New York play and Thelma Ritter is at sea on a world cruise.

Shelly Winters and Ed Wynn, favorites for their performances in "The Diary of Anne Frank," will be on hand.

DISCUSSES SOVIET PLAN—Secretary of State Christian A. Herter is shown at press conference in Washington. He said that parts of the latest Soviet proposal for a ban on nuclear tests were unacceptable to the U.S. Government.

Camp Perry Aid Sought

Solon Backs Riflemen In Plea for Funds

WASHINGTON (AP) — Sharpshooting riflemen had a supporter in Sen. Carl Hayden (D-Ariz) today in their efforts to persuade the government to spend $150,000 to help rebuild Camp Perry, Ohio.

The camp, on Lake Erie, is owned by the state. It is the site each year of small arms firing school programs and the national marksmanship matches.

As chairman of the Senate Appropriations Committee, Hayden said the government has an obligation to appropriate the $150,000 since Ohio has put up $200,000 to repair tar paper huts at Camp Perry.

"Ohio in good faith kept up its share of the burden," said Hayden, an 82-year-old former sharpshooting Arizona sheriff.

The National Rifle Assn. of America protested to Hayden's committee last week that President Eisenhower failed to ask for the Camp Perry funds in his budget.

Franklin L. Orth of the association also asked the committee to approve $19,000 for travel of junior marksmen to Camp Perry and $11,000 more for additional costs.

Orth said new weapons of war have made marksmanship in rifles and pistols more, not less, important than before.

"Subversive groups, fifth columnists, and criminal elements of our society will thrive on the confusion resulting from an attack upon any one of our military installations or major cities," he said.

"The individual soldier and the trained individual civilian . . . will be forced to rely upon the personal weapon with which he is armed, and on his ability to use it effectively."

FOLLOWING THE service, chapel services were conducted with the Rev. H. A. Lockwood as speaker. The high school chorus, under the direction of Everett Mehrley, presented several selections.

Following the chapel the F. T. A. held a reception for all members of the Honor Society, F. T. A., parents and faculty. Katharine Gardner was chairman, assisted by Judy Moss, Janet LeMaster, Verna Reynolds, Barbara Barch and Sharlene Lowe. Presiding at the table were Mary Lockwood, Joy Trone and Carole Hickman.

The Senior Class of Ashville High School honored the basketball team with a carry-in supper Monday evening. Guests of honor were Russell Gregg, the twelve members of the team, Mrs. Donald Collins and the varsity cheerleaders.

Each of the Senior players was given a gift from the class. Pamela Dixon was chairman of the dining room, Bonnie Bainter of decoration and Carol Baum presided.

Nine members of Ashville High School attended the Democratic Mock Nominating Convention at Capital University last Saturday.

Representing the state of North Dakota the following were delegates Patty Frazier, Linda Baum, Marty Dore', Barbara Barch, Katharine Gardner, Margaret Shirey, Marty Young, Ed Neal and Harry Rainey.

The convention nominated Stuart Symington on the third ballot for President and Lyndon Johnson for vice president by accamation.
